

## **The SAP Next-Gen Chapter Small- and Mid-Sized Enterprises (using Business One on HANA)**

### **Purpose**

The time when only large companies used ERP systems is gone. Today's ERP systems cost little, are easy to implement and well accessible to smaller companies that want to increase production and enable data exchange across multiple parts of the enterprise.

SAP's SMB solution offers just that. SAP Business One is easy to learn and use within a short time, with the friendly and intuitive user interface it is ideal for teaching ERP. Covering end-to-end business processes of a typical company, enabling the students to get a full understanding how a company works.

We offer students and teachers access to SAP Business One systems and develop suitable training materials.

The chapter for SME and Business One stays up to date on innovations and technological changes and integrates them into its SAP UAP offer. We also aim to cooperate with the local industry to show companies the advantages of a small ERP system.

**Scope of Work for the SAP Next-Gen Chapter Lead** is to be a point of contact for questions about the SAP Business One hosting offer as well as monitoring the expansion of the offering. And also help as a first contact for new potential members.

The actual SAP Next-Gen Chapter Lead for SME Business One in EMEA for 2018/2019 is

**Prof. Dr. Werner Maier**

Head of SAP Academic Competence Center  
(SAP ACC)

HES-SO Valais-Wallis

**CH-3960 Sierre, Switzerland**

Mail: [werner.maier@hevs.ch](mailto:werner.maier@hevs.ch)

**Fabrizio Zenklusen**

Head of SME solutions

Competence Center (SAP ACC)

HES-SO Valais-Wallis

**CH-3960 Sierre, Switzerland**

Mail: [fabrizio.zenklusen@hevs.ch](mailto:fabrizio.zenklusen@hevs.ch)

Mail: [sapb1@hevs.ch](mailto:sapb1@hevs.ch)

**Scope of Work for a membership** in the SAP Business One Next-Gen Chapter is to be an interested lecturer or employee at a university and share ideas together to further develop the program.

Interested parties can contact the Chapter Lead at any time.

**The SAP Next-Gen Chapter Small- and Mid-Sized Enterprises (using Business One) officially** started on September 10, 2018

### **Deliverables & Activities of the Community**

1. Provide interested schools with access to SAP Business One
2. Developing and testing SME and Business One-related curricula
3. Involving interested schools and teachers in the development of new material
