The SAP Next-Gen Chapter Curriculum Development

Purpose

The next gen chapter provides a platform for SAP next-gen members of the lower rhine area and West Germany to meet and exchange in the field of teaching. Therefore a **_Community Conference Rhein Ruhr (CCRR)_** – conference language is German- is established which takes place once a year at the SAP next-Gen Chapter location in Mönchengladbach.

The participants are able to show how they use and extend the curricula provide by SAP UCCs and SAP next-gen. Also we provide time and place to connect to each other as well as to discuss how to deal with special teaching situations.

We want to encourage lectures to connect to each other, develop and establish concepts for cooperation in teaching. Due to connected lecturers students should also be able to work together.

Scope of Work for the SAP Next-Gen Chapter Lead is to serve as a platform for the German speaking lecturers and motivate lectures to connect. Later on collaborations should be expanded to international colleagues.

The actual SAP Next-Gen Chapter Lead for Curriculum Development in EMEA for 2018/2019 is

> **Dipl.-Kff. (FH) Birgit Lankes**
> Fachbereich Wirtschaftswissenschaften / Faculty of Business Administration and Economics
> Hochschule Niederrhein / Niederrhein University of Applied Sciences
> Mail: Birgit.Lankes@hs-niederrhein.de

Scope of Work for a membership in the SAP Next-Gen Chapter may vary from "interested newby" to experienced lecturer. Lectures in other than the lower rhine area or West Germany are able to participate the CCRR on request. Engagement can reach from only interested participation up to build and organize community objectives. Members shall support the Chapter Lead in the Chapter work.

The SAP Next-Gen Chapter Curriculum Development EMEA officially started on September 10, 2018. After the first year of Performance we will check the status of interest and engagement and decide about further work.

Deliverables & Activities of the Community

1. Organizing the Community Conference Rhein Ruhr on 4th of April 2019
2. Preparing connection to other SAP Next-Gen chapters e.g . in Finland
3. Supporting other region in establishing regional community conferences
