- Launchpad notifications
- Social Media Channels

Overview

The Next Generation Support

Live Business needs live support

Next-Generation Support for the intelligent enterprise

[Next-Generation Support](#) has several comprehensive solutions – so you never have to ask a question, and if you do have a question, you receive an answer instantly.

- [SAP Knowledge Base Articles \(KBAs\) via Google search](#)
- [Automatic translation](#)
- [SMS notifications](#)
- [Guided Answers](#)
- [SAP BusinessObjects BI support tool](#)
- [Automated search for SAP Notes](#)
- [Performance Assistant](#)
- [SAP Community](#)
- [SAP Support Portal](#)
- [Support by Product](#)

We offer real-time support channels with live and direct access to SAP's support experts, creating a faster and more direct route to issue resolution – anytime, anywhere, and from any device.

- [Expert Chat](#)
- [Schedule an Expert](#)
- [Ask an Expert Peer \(Feature Trial\)](#)
- [Call-1-SAP & Customer Interaction Center \(CIC\)](#)

Benefit from a seamless and intuitive omnichannel support experience with personalized, context-sensitive support when and where you need it.

- [SAP ONE Support Launchpad](#)
- [Built-in support](#)
- [Cloud Availability Center](#)
- [SAP Cloud Trust Center](#)
- [Social Media integration](#)

SAP constantly innovates to improve our products and provide you with a world-class support experience. As thought leaders, we aim to provide you with state-of-the-art support including machine learning and AI-driven services.

- Thought leadership
- AI/ Machine Learning

Interact with SAP Product Support

Choosing the correct channel

Product Support channels

Schedule an Expert

Best suited for [Low or Medium priority](#) issues:

- Schedule a 30 minute live call
- Connect with an SAP Support Engineer - who's an expert in the topic
- Get your issue resolved, and an opportunity to deepen your knowledge

Learn more about [Schedule an Expert](#)

Expert Chat

Best suited for [Medium or High priority](#) issues:

- Get your issues resolved during a live support session
- For more complex issues, a follow-up will take place with an incident

Learn more about [Expert Chat](#)

Traditional Incident

Best suited for [High or Very High priority](#) issues:

- Create an incident for SAP Product Support using the [SAP ONE Support Launchpad](#)
- Work closely with an SAP Support Engineer

Learn more about [Reporting an Incident](#)

Quick Tips:

- Always start by searching for an answer in the [knowledge base](#) (for SAP Notes) and Google for (SAP KBAs)
- If you still need help, and your issue is specific to **the standard functionality of your SAP solution**, contact SAP Product Support using the channel listed below which best suits your business impact.
- For other types of inquiries, use the [SAP Community Questions & Answers](#), or access [other resources](#) at SAP.
- These channels should only be used for technical/functional issues with an SAP product, as described in [SAP Knowledge Base Article 83020 - "What is consulting - What is support?"](#) and [SAP Knowledge Base Article 2706322 - "What is Support – What is Consulting: Cloud Solutions"](#).
- To help you choose the most appropriate channel [SAP Knowledge Base Article 67739 - "Priority of problem incidents"](#) provides a detailed explanation of each priority level.

Live support with Expert Chat and Schedule an Expert

Optimizing the incident flow

ILLUSTRATIVE

Typical incident flow Traditional incident

Ø 6 replies to customer
14-45 days processing time

Optimized incident flow with Expert Chat

~5,000 sessions / week
60-70% solution rate
~30 min Ø length of chat duration

Optimized incident flow with Schedule an Expert

600 sessions / month
40-50% solution rate
30 min length of call duration

Real-time interaction

Expert Chat

Real-time interaction

Expert Chat

Expert Chat provides a live chat function that connects you to SAP technical support experts, instantly.

Overview

- Live support from SAP experts for any technical question related to a product
- Improves support experience with real-time interaction
- Available for all support levels and almost all solutions
- For more information:
 - Learn more about [Expert Chat](#) on SAP Support Portal
 - [Expert Chat video](#)

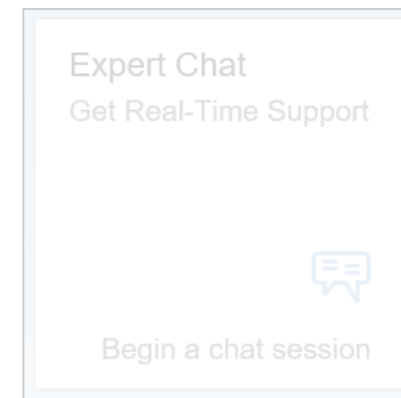

Benefits

- Connects you real-time with SAP support
- Offers screen-sharing option
- Provides access to the same technical experts as in the incident channel
- Resolves incidents significantly faster than those reported through traditional SAP support channels
- Offers quicker and more efficient issue resolution
- Reduces your project and operational costs

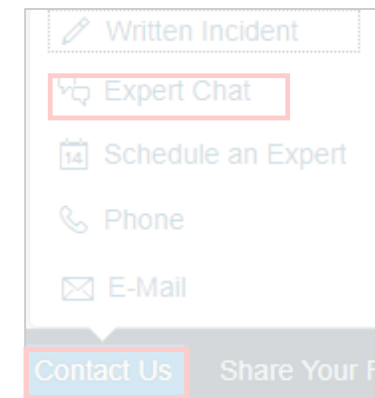

Access

- Access Expert Chat through the [SAP ONE Support Launchpad](#) (several options):
 - a. Access through the **Expert Chat tile** on your SAP ONE Support Launchpad on the My Home screen.
 - b. Carry out a search in the launchpad's database. Click on the Expert Chat-button in the upper area.
 - c. Access Expert Chat through the "Contact Us"-menu
 - d. Access Expert Chat while going through the incident submission process. Chat functionality is built into the incident form.

How to book a Schedule an Expert Session

What happens after a Schedule an Expert session?

Process at a Glance

During the Schedule an Expert session working with the same engineers as during incidents

Real-time interaction

Schedule an Expert for open incidents

Schedule an Expert for open incidents enables you to book a 30 minute call to discuss technical details of the incident with the assigned support engineer.

Overview

- One-on-one 30 minute call booked directly from an open incident with the assigned support engineer
- Available for *high priority* incidents with select support engineers
- Book an appointment minimum 24 hours in advance
- Sessions delivered remotely through *Skype for Business* (Learn more on [how to join your Schedule an Expert call](#))
- Check [User Guide](#) and [FAQ](#) to learn more

Benefits

- Have live interaction to discuss technical details of the open incident with the assigned support engineer
- Schedule a call at a time that is convenient for you
- Less ping pong and more efficient incident processing reducing the time to resolve your open issue
- Easy to have other colleagues with you on the call

Access

- *Schedule an Expert* button will appear in the incident editing page in SAP ONE Support Launchpad when the following conditions are met
 - Incident is currently Open and High Priority status within Product Support
 - A processor has been assigned to the incident and is available for scheduling
- Click *Schedule an Expert* button and then click *Book a Session*
- Add the appointment to your calendar and join the session at scheduled time

Use Expert Chat to Solve Your Technical Problems

Date: April 04, 2019 - 3 pm (CET)

Discover the SAP's Next-Generation Support real-time channel Expert Chat and how it can help you implement and operate your SAP solutions, in any deployment model.

Expert Chat is a live chat service best suited for new medium or high priority issues. It instantly connects you to SAP experts. Real-time interaction with screen sharing creates a faster and more direct route to issue resolution, which is satisfaction while reducing project and operational costs. It's available for all support levels and almost all solutions - cost.

Expert Chat benefits include:

- Time savings: Businesses that implement Expert Chat begin to experience significant increases in value from their support agreements with SAP.
- Reduced downtime: Expert Chat can reduce the amount of time businesses spend supporting SAP products, in incidents and issues.
- Efficient issue resolution: Through the Expert Chat service, SAP optimizes support process by consolidating all information at an early stage to solve an issue during the interaction. For more complex issues, a follow-up will incident.

Use Schedule an Expert to Discuss Technical Issues - Experience the Benefits of a Real-Time Conversation With an SAP Support Expert to Solve Your Problem

Date: April 04, 2019 - 4 pm (CET)

Discover the SAP's Next-Generation Support real-time channel Schedule an Expert and how it can help you implement and operate your SAP solutions, in any deployment model.

Similar to booking an online doctor's appointment, the **Schedule an Expert** service lets you connect one-on-one with SAP support in a live, 30-minute Skype call. Describe your technical issue, select the product area and a time that is convenient for you, and we will find a support expert to assist you. Talk to the same SAP engineer that you would create an incident with – but spend less time waiting for a response and resolution

Schedule an Expert is ideal if you:

- Prefer a live conversation with a support expert instead of instant messaging or submitting written incidents
- Want to use screen sharing to illustrate an issue
- Need to schedule colleagues on your call with SAP support
- Want tips for prevention of incidents
- Schedule an Expert is available for all support levels, for new and open incidents.
