RISE WITH SAP

Driving business
innovation together

RISE with SAP brings together what you need to transform your business in the way that works best for you – regardless of your point of departure or how fast you want to move.

SAP S/4HANA Offerings – How do customers choose?

SAP S/4HANA Public Cloud

Customers who desire:

- A complete, modern, native SaaS ERP solution with the **full benefits of public cloud**
- The **fastest path** to innovation and the lowest TCO
- A **clean Cloud ERP** solution without converting old/legacy ERP processes and configurations.
- To reimagine business processes and take advantage of **standardized** best practices

SAP S/4HANA Private Cloud

Customers who desire:

- Gradual transformation to a pure SaaS landscape at their **own pace** with a well defined conversion methodology
- Software, support, technical managed services, and infrastructure, from a **single point of contact**, with one set of SLAs
- Full SAP S/4HANA functionality – 25 industries/64 countries – with benefit of subscription-based, **cloud economics**
- Ability to **safeguard prior investments** including ECC customizations, configurations, and partner add-ons including SOLEXs and certified solutions

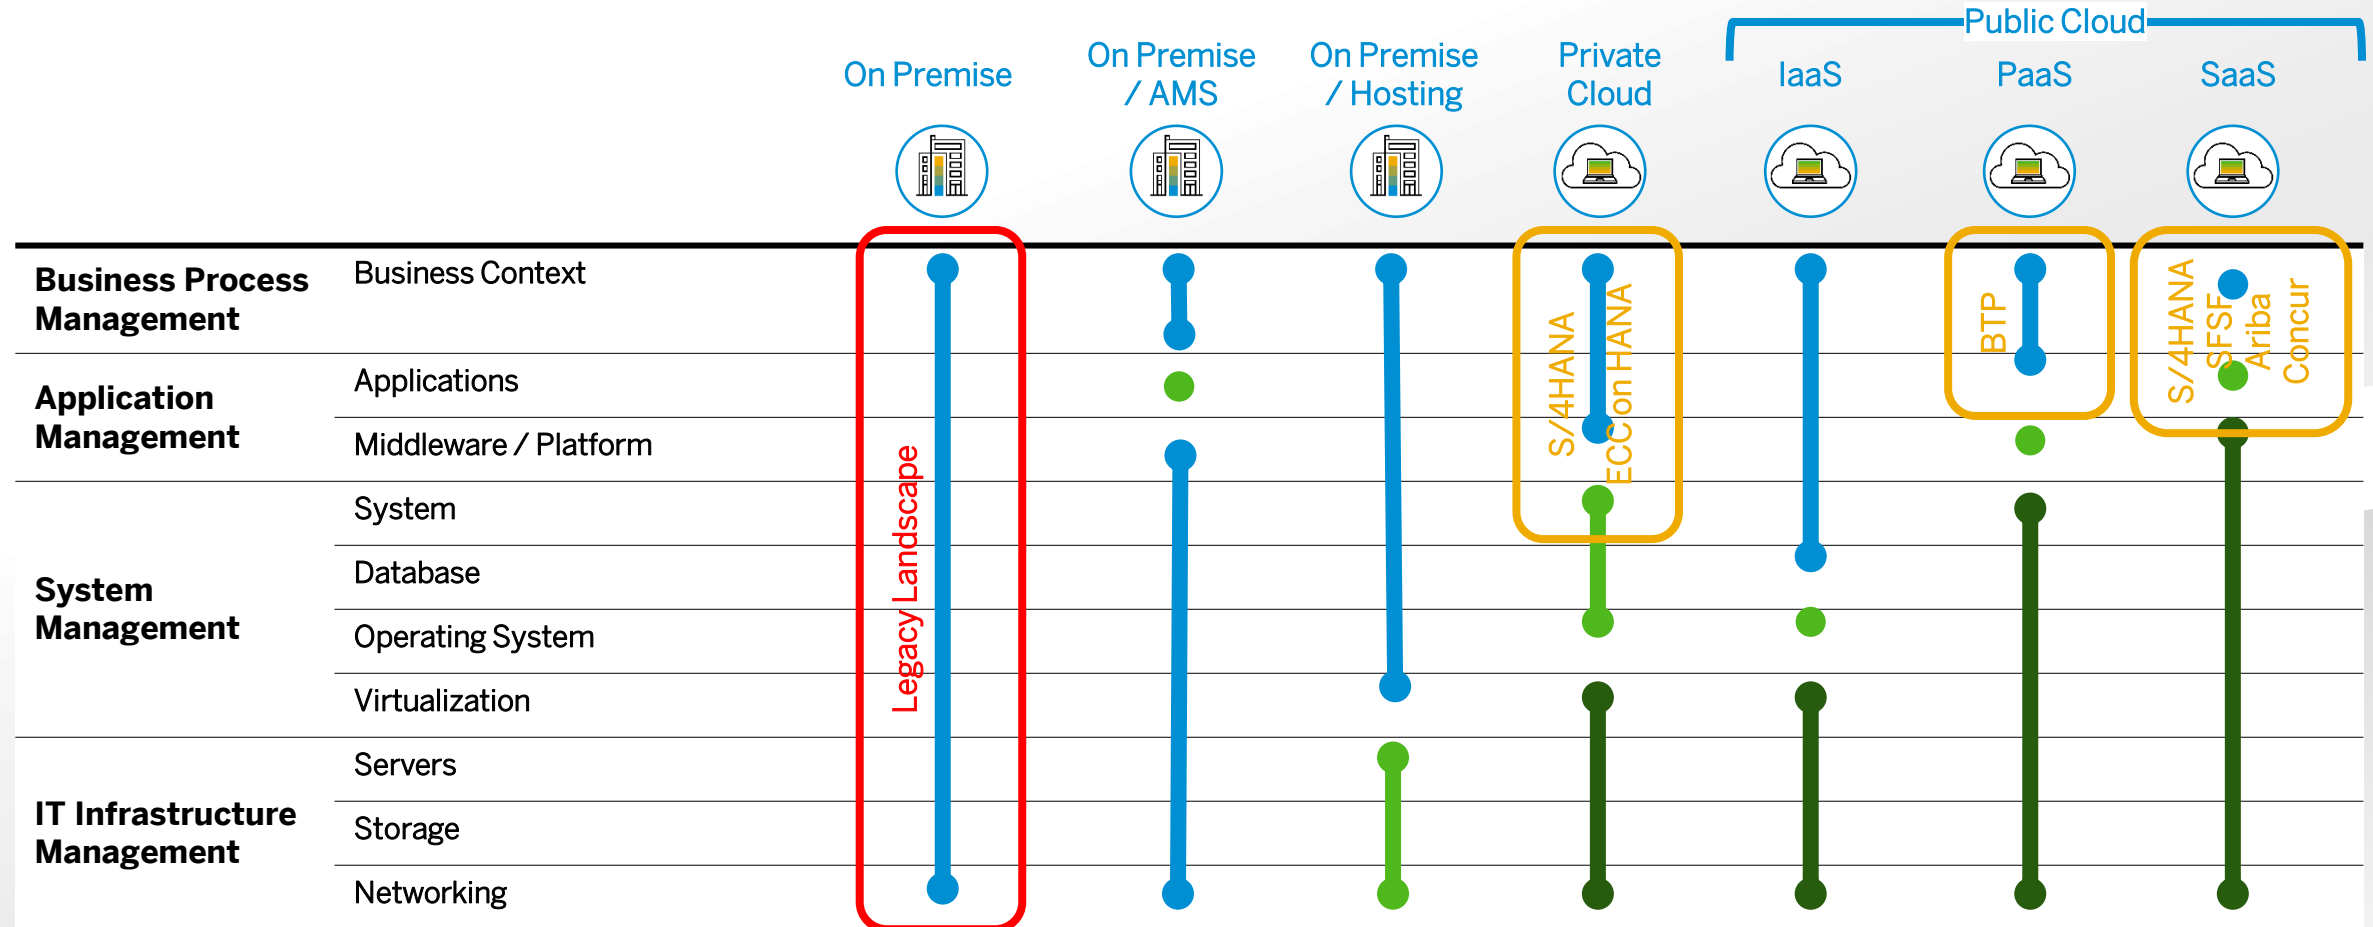

SAP S/4HANA On-Premise

Customers who require:

- Complete **control and ownership** of their application and data landscape
- The ability to manage **unique, customer-specific needs** which cannot be addressed by public cloud or private cloud offerings
- The utilization of their **existing IT** departments, infrastructure, budget, and IaaS vendor agreements
- **Specific compliance** with industry- and country-specific regulatory requirements

Changed deployment models require new models of co-operation

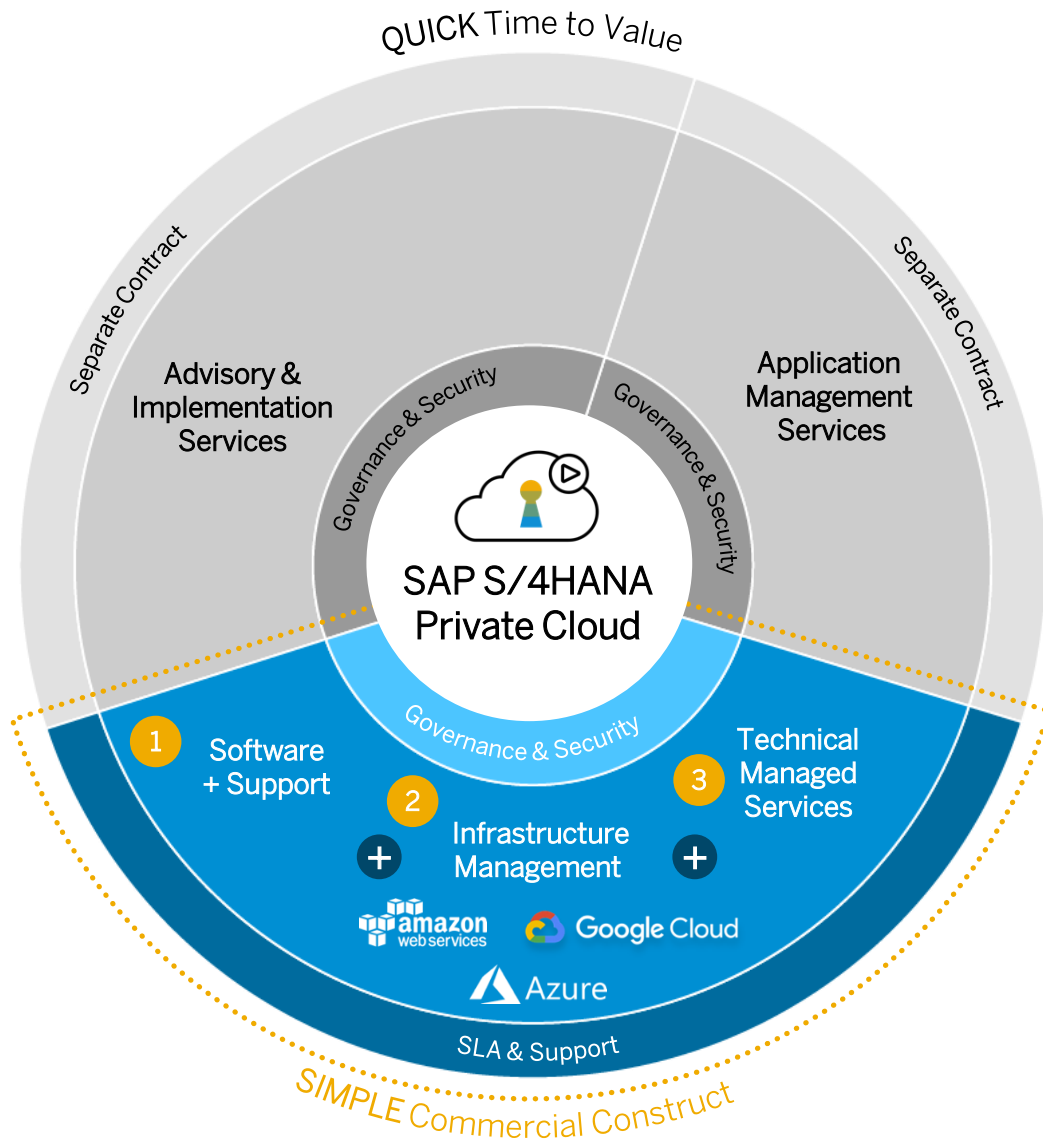

Legend:

- Completely managed by Customer → No transparency for Service Provider
- Managed by Service Provider but SLAs and KPIs are defined → Customer has transparency about critical events and SLAs
- Completely managed by Service Provider → No transparency for Customer

Detailed responsibilities will depend on the Service Provider/Partner and the contract between the parties – but certain responsibilities will always remain with you as the customer!

RISE with SAP S/4HANA Cloud, **private edition**: SAP-provided scope

1 Functional Scope:

- SAP Software + Enterprise Support based on SAP S/4HANA Enterprise Management (On-premise)
- Cloud Connectors: SAP Ariba, SAP SuccessFactors, SAP Concur, SAP IBP
- SAP Adobe Document Services for printing
- Available for Upsell: SAP S/4HANA LoB & Industry Add-Ons (optional), Beyond S/4HANA Solutions
- Wide set of partner add-ons are allowed:
 - SAP SOLEX solutions (SAP supported)
 - SAP S/4HANA partner certified solutions (customer supported)
 - ABAP-only add-ons (customer supported)

2 Infrastructure Management:

- Low TCO
- Highest Flexibility
- Best scalability option
- Availability
- Data Center [Availability](#)

3 Technical Managed Services:

- High Availability & Business Continuity
- SLA: 99,7% for productive system, 95% for non-productive systems
- Services described by Roles & Responsibilities matrix
- Wide range of foundational technical service delivery
- Technical System Operations
- Technical Landscape Deployment
- Technical Upgrade installation
- Continuous Service planning & review
- 24*7 service delivery for PRD, 24*5 for non-PRD
- Setup of RFC connections

Additional Technical "Fixed Scope & Price" Packages available by SAP (CAS) Cloud Application Services (**Optional**)

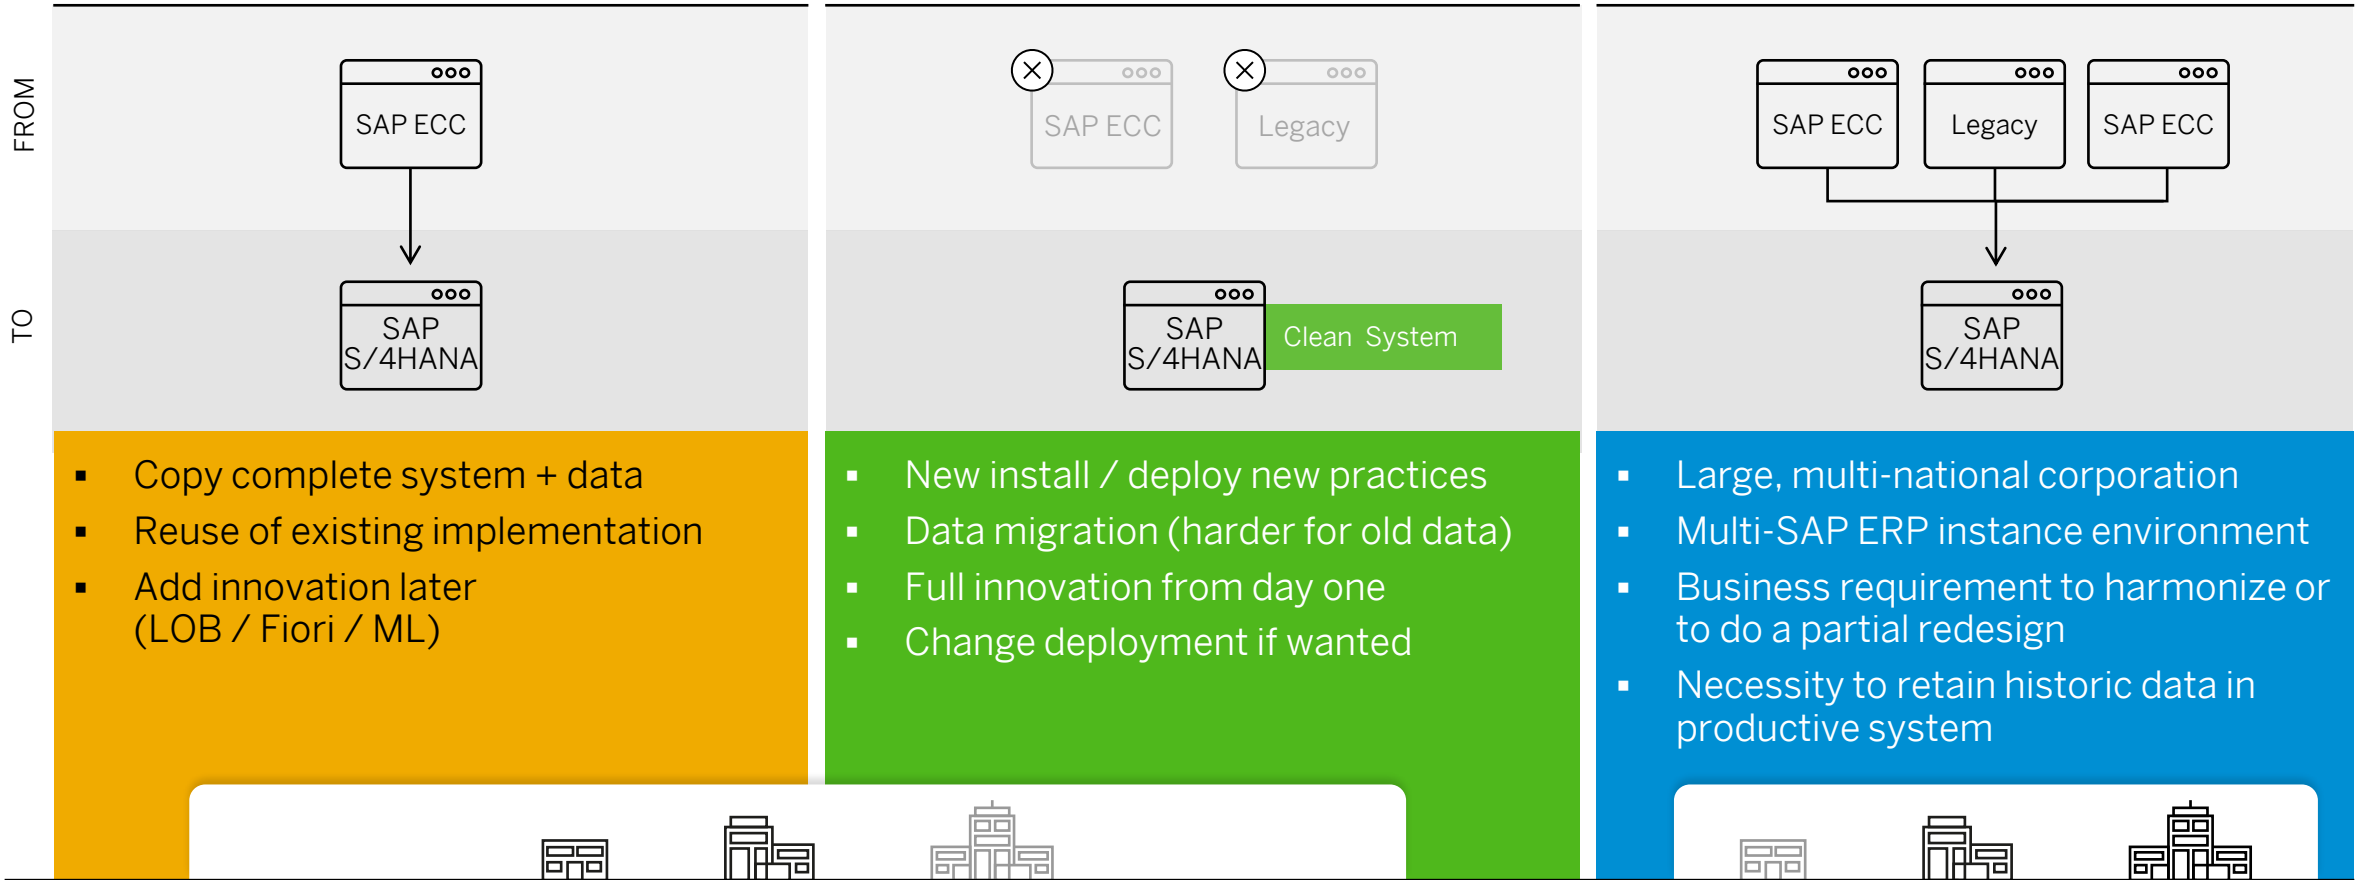

- Release Version Upgrade
- Application Operations
- Application Monitoring
- Regression Testing
- Data Volume Optimization
- Data Quality Optimization
- Cloud Integration Testing

Holistic and Personalized Engagement Model

SAP Premium Engagement - An Integrated Plan for Customer Success

A Team Approach to Customer Value

The “Three-Legged Stool” Approach

SAP’s participation, from executive governance and design through delivery execution and post-go-live support, focused on your long-term success.

- Clear Responsibilities and Deliverables
- Integrated working model
- **SAP** focused on Customer Success, Program Advisory, Engineering SAP Technology, Customer Self-Sufficiency, and Maximise business value
- **Systems Integrator** focused on Customer Success, Process Transformation, Program Delivery, Change Management, and End to End Integration

The “three-legged stool” approach allows you to put together a championship team to maximize time-to-value, manage risk, drive self-sufficiency, and deliver quality.

How SAP Premium Engagements ensures your transformation success

- ✓ **Program and Transformation Advisory** to support best in class governance and strategic decisions
- ✓ **Design Advisory** to secure Fit-to-Standard and keep the core clean
- ✓ **Product & Solution Roadmap** clarification (SAP knows SAP the best)
- ✓ **Accelerate time-to-value** using advanced SAP best practices, standard content, tools, and methodologies
- ✓ **Adopt innovation faster** to seize business efficiency gains by applying intelligent technologies on BTP
- ✓ **Safeguard implementation** through industrialized checks (e.g. Integration, Go-Live check) ...
- ✓ **Complementary expertise** in highly specialized or innovative solution areas (e.g. iRPA, cAI, ML)
- ✓ **Continuous improvement** : driving simplifications to reduce TCO
- ✓ **Customer Success** : quality assurance role (3-in-a-box)

A person stands on the peak of a mountain, arms raised in triumph, overlooking a vast, layered mountain range under a dramatic sky with large, dark clouds and patches of sunlight. The foreground shows the rocky and grassy slope of the mountain.
