

## Onyx Level Exhibitor Presentation Instructions

**Date to Select Time Slot: March 7, 2019**  
**Due Date for Presentation: April 19, 2019**

This document provides presentation information and instructions for Onyx-level exhibitors. Please forward to speakers or others who will be involved in the process. Refer to the [SAPHIRE NOW Content Strategy](#) for information on the SAP Neighborhoods as referenced below.

Included with your exhibit package is the following:

### One “Theater Presentation”

- Located in an SAP Neighborhood on the show floor.
- Format is a 20-minute session, immediately followed by a 20-minute Q&A in an adjacent discussion area.
- Two speakers are permitted.
- Presentation must be submitted in advance, see Presentation File section below.
- An SAP laptop is provided in each theater. Provisions **will not** be made for projecting your presentation from other laptops. *See page 2 to view a theater rendering and set-up.*

### March 7 Starting at 12:00 Noon ET: The Manage Sessions tab will be available in your console

Submit the information as outlined below via the “Manage Sessions” tab in your [console](#). This information will be published in the session catalog on the [conference Web site](#).

- **Title**, limited to 75 characters including spaces
- **Session description**, limited to 350 characters including spaces
- **Speaker’s name and contact information**, if the speaker is unknown, enter a session manager name
- **Filters**, as appropriate to your session content, *refer to page 3 for the list of filters*
- **Select** the date, time, and location.
  - **Selection is on a first-come, first-served basis.**
  - It is not required to match the content of your presentation with the focus of the Neighborhood.

### April 19: Due Date for Presentation File

- Use your own company template.
- Presentation must be in a 16x9 format.
- File must use Microsoft Windows 10 and Microsoft Office 2016.
- Maximum of 12 slides.
- Presentation will be available to conference attendees post-event.

Note: Session title, description, and presentation are edited for SAP brand compliance. Please adhere to the [SAP Partner Branding Guidelines](#).

### Speaker Responsibility

Speakers will receive an e-mail introducing them to the Speaker Resource Center. Here they will confirm their participation as a speaker and upload their presentation file.

### Speaker Registration

Speakers should use an exhibit package-included badge or purchase a badge. All registrations are managed via your [console](#).

- Theater Presentations accommodate two speakers.
- All speakers are responsible for their own travel and hotel costs.

# Onyx Level Exhibitor Presentation Instructions

## Badge Scanning

The scanning of badges is allowed within your theater or discussion area. Plan to use your own equipment and staff and be respectful of attendees who ask not to have their badge scanned.

Please note: Exhibitors are only permitted to scan badges at their package-included sessions. Your company may be invited by SAP or ASUG to present in a session. You are not permitted to scan badges at SAP or ASUG awarded sessions.

## Collateral Distribution

To support sustainability goals, please do not distribute printed material at your presentations.

## Videotaping

- Presentations *will not* be videotaped this year and private taping is not permitted.
- ASUG Presentations *will not* be videotaped and private taping is not permitted.

## Presentation Promotion

- Session catalog: Located on the conference Web site and in the event mobile app. Attendees select sessions to add to their unique agendas, available pre-conference and on-site.
- Digital display: Monitors with the current schedule are located at each theater.
- Exhibitor promotion: Exhibitors should promote and drive attendance to their presentation. We suggest the following:
  - [Marketing opportunities](#) are a great way to increase awareness.
  - Market the presentation/demo prior to the conference.
    - Include session details in e-mail campaigns and on event microsites prior to the conference.
  - Market and create awareness directly from your booth.
    - Educate your booth staff regarding session details (e.g. date, time, location) so they can promote this information to attendees who visit your booth.
    - Include session details on collateral for the event.
  - Defer the "sales pitch" until later, e.g., follow-up calls.

## Presentation Tips

- Develop a presentation/demo that will engage, educate, inspire, and involve the audience.
- Present solid content and a topic that is of interest to attendees.
- Select experienced, engaging, product-knowledgeable employees or customers to present the material.
- Begin description/title with an engaging imperative/action verb (e.g. create, achieve, learn, explore, manage).
- Include a benefit to the attendee in the description.

## Theater Rendering and Set-Up

Each theater seats 128 attendees and is equipped as follows:

- One laptop with a standard hardwired Internet connection
- Four wireless lapel microphones
- One "confidence" monitor showing only what is on the projection screen, placed on the floor facing the presenter (no notes capabilities)
- One wireless slide advancer connected to laptop
- One speaker timer
