

# Making SAP Leonardo happen with SAP Cloud Platform

Rolf Schumann  
Global General Manager  
Platform and Innovation at SAP

A close-up photograph of a pair of hands cupped together, holding a small amount of water. The hands are positioned in the center of the frame, with the fingers slightly curled. Water droplets are visible on the skin of the hands and are falling from the palms. The background is a soft, out-of-focus green, suggesting foliage. A bright, circular light source is visible in the upper left corner, creating a lens flare effect. The word "TRUTH" is overlaid in the center of the image in a white, sans-serif, all-caps font.

A dynamic underwater photograph of a surfer riding a wave. The surfer, wearing a dark cap and a wetsuit, is positioned horizontally across the frame, holding onto the surfboard. The water is a deep blue-green, and there is a massive splash of white water and bubbles surrounding the surfer, particularly around their head and feet. The word "AGILITY" is superimposed in large, white, sans-serif capital letters across the center of the image, partially obscuring the surfer's torso. The overall composition conveys a sense of speed, movement, and athletic skill.

Speed. Agility. Value. **First mover** wins.

A wide-angle photograph of a busy city street during the 'golden hour' of sunset. The scene is filled with the silhouettes of many people walking in various directions. The low sun creates long, sharp shadows on the paved ground and a warm, hazy glow across the sky. In the background, modern glass-fronted buildings line the street, and two construction cranes are visible against the bright sky. The overall mood is one of constant motion and urban energy.

If you want to stay the way you are,  
you have to change.
