### SAP SELECT EXECUTIVE ROUNDTABLE

#### Shape the Future of Finance

Luka Mucic, Member of the Executive Board and Chief Financial Officer, SAP SE

Understand the impact that digitalization has on organizations and what it takes to be successful in today's economy. Consider how the finance function, as the backbone of the enterprise, is not only affected by this change but plays a crucial role in driving this transformation. Discuss how a finance organization can contribute to the company's success by shaping its own future through the smart use of data and technology.
