Transition Option Summary

Transition Option

Overview

The transition option is a cloud offering for customers on their RISE with SAP journey who need more time to transform.

It is not an offering to postpone the transformation decision.

It includes a subscription for selected SAP Business Suite 7 products for up to three additional years, from 2031 to 2033. Subscriptions for transition option for SAP ERP may run until end of 2035.

Technical restrictions might require product adaptations until end of 2030.

Prices will be 20% higher than the previous cloud subscription. There will be an additional uplift for the years 2034-2035.

Only available for large productive systems (typically at least 2 TB).

Max Success Plan is a mandatory requirement.

Transition Option - Full-Fledged Subscription

Core products and services for SAP Business Suite 7 systems, including notes and corrections (provision of patches for security, legal and reported software issues, helping to drive business continuity).

+

Max Success Plan

Supporting the transformation and simplifying the management of the dated software release.

Business Suite 7 Maintenance Timelines

Transition Option Details

Transition Option

Prerequisites

Specific prerequisites will apply before customers can opt in for transition option, which will include, but may not be limited to:

- Customers have moved the respective systems to the private cloud.
- Products and systems must be prepared for transition option (database and other changes required for technology no longer supported such as Java).
- Customer's subscription to the transition option shall not extend beyond December 31, 2035.*
- Further prerequisites may be added prior availability of offering for sign-up.

* For extensions until 2035 (vs. 2033) further conditions will apply.

Transition Option

Subscription details as of October 2026*

- Customers may subscribe for transition option for up to five years.
- The earliest contract start date is January 1, 2031 and subscription ends by December 31, 2035 at the latest.**
- Transition option for ERP is only available in combination with a Max Success Plan.
- This is a new offering with a new subscription.
- The minimal system size will typically be 2 TB. Systems above 12 TB will need special pricing. This threshold might change until 2028.
- The new offering will be priced at an uplift to the existing private cloud subscription, combined with the selection of a Max Success Plan for this scope. The new transition option solution can be finally agreed starting 2028 and will be executed end of 2030. It is planned to be open for all channels.
- For customers moving in 2026, the uplift will be 20%. Uplifts for customers moving in later years will be announced later.

* Depending on the covered solution subscription details may differ. ** For extensions until 2035 (vs. 2033) further conditions will apply.
