

SAP Spend **Connect** Live

I'm writing to request your approval to attend the SAP Spend Connect Live event being held **October 24–26, 2022 in Dallas, Texas.**

SAP Spend Connect Live, the premier spend management user conference, will bring together procurement, external workforce, travel and expense, and business network experts in an educational and practical three-day event. You may remember this conference as SAP Ariba Live or Procurement Reimagined. This year's event is designed to be an experience that will give me a unique opportunity to explore the spend decisions that fuel our business.

- I will learn from an impressive slate of inspirational speakers, customers, and thought leaders who will share real-life transformation stories on technology innovations, spend management strategies, and best practices.
- The face-to-face event will help me to create valuable connections and gain insights from a dynamic community of peers, business practitioners, business partners, and solution experts.
- The event offers more than 100 breakout sessions, high-level networking opportunities, and a Marketplace full of professionals and thought leaders that could help us determine how to get more from our SAP spend solutions right now – and better plan for future initiatives that align with the SAP roadmap.

Sending me to this conference will be an excellent investment. I'm especially interested in looking into solutions that will help us address:

Here's a rough breakdown of what this investment will cost (in US dollars):
