The screenshot shows the 'Missions' page in the SAP Discovery Center. At the top, there's a navigation bar with 'Home' and 'Missions'. Below it, a header section titled 'Missions' states: 'Missions are ready-to-run projects containing tools, content and customizable options. Missions are supported by mission experts to help your journey along the way.' A search bar for 'Search for Missions' and a 'Show Filters' link are present. The main content area is titled 'Showing 15 Missions' and includes a 'Sort By: Relevance' dropdown. On the left, there's a 'Categories' sidebar with 'All' and 'New & Featured' options, and a 'Platform Missions' section with a list of categories including 'All', 'Analytics', 'Database and Data Management', 'Extension Suite - Development Efficiency', 'Extension Suite - Digital Experience', 'Extension Suite - Digital Process Automation', 'Featured', 'Integration Suite', 'Intelligent Technologies', and 'Teched 2020'. Below this is a 'Partner Missions' section with categories like 'All', 'Customer Experience', 'ERP and Finance', 'Human Resources', 'IT and Administration', 'Procurement', and 'Others'. The 'SAP Enterprise Support' section at the bottom lists 'All', 'Business Process Intelligence', and 'Business Technology Platform'. The main content area displays six mission cards. Each card has a title, a brief description, a 'Delivery Hero' logo indicating implementation, and a count of companies that have started the mission. The missions include: 'Model an Approval Process for Capital Expenditures', 'Integrate SAP Workflow Management with Microsoft Outlook', 'Set Up SAP Mobile Card With SAP Workflow Service Tasks', 'Automate the creation, change and approval of Purchase Info Records', 'Rapid orchestration of Purchase Requisition Approvals and Release', and 'Automate Document Centric Approval Process'.

The screenshot shows the 'Services' page in the SAP Discovery Center. At the top, there's a navigation bar with 'Home' and 'Services'.
