VANTAiO Ready to Run Workplace

Applications and **business-relevant communication**

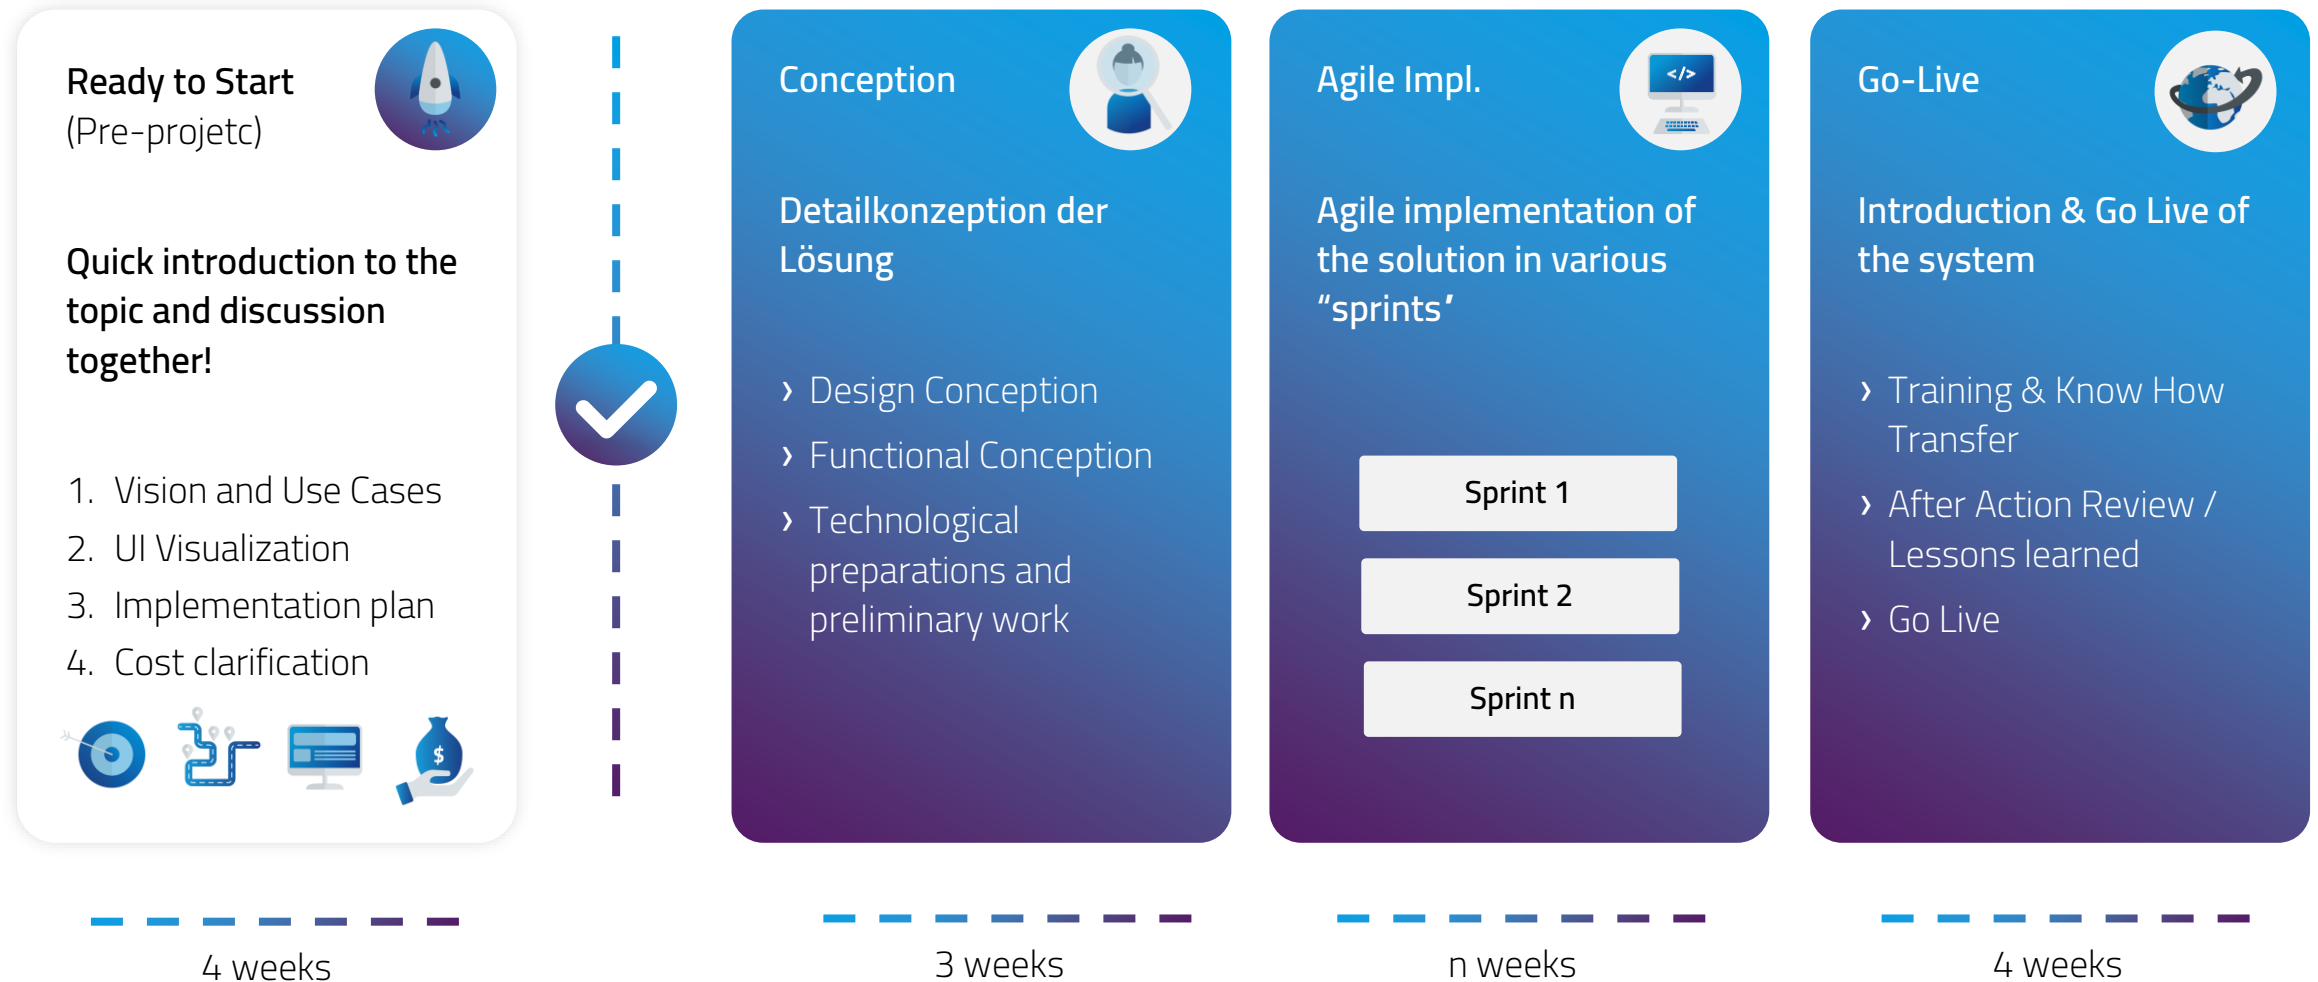

Advantages

1. 100% SAP standard (SAP BTP) with uniform administration including security
2. Uniform and attractive standard design (SAPUI5, Horizon design philosophy)
3. Everything under one roof: processes, applications and business-relevant communication (no jumps into other systems for content, media breaks are avoided)
4. Simple connection between the process world and the content & communication world
5. Secure use of SAP backend systems and third-party providers (non-SAP systems)
