Enterprise security services by SAP

Risk and compliance

SAP Cloud Identity Access Governance

- **Segregation of duties** (SoD) and critical access for on-premise and cloud solutions
- **Access analysis** and **role design**, including machine learning capabilities
- **Self-service** access request forms with built-in guides and data-driven filters
- Integrated, **compliant user provisioning** process
- Configurable and predefined **access policies** and rules

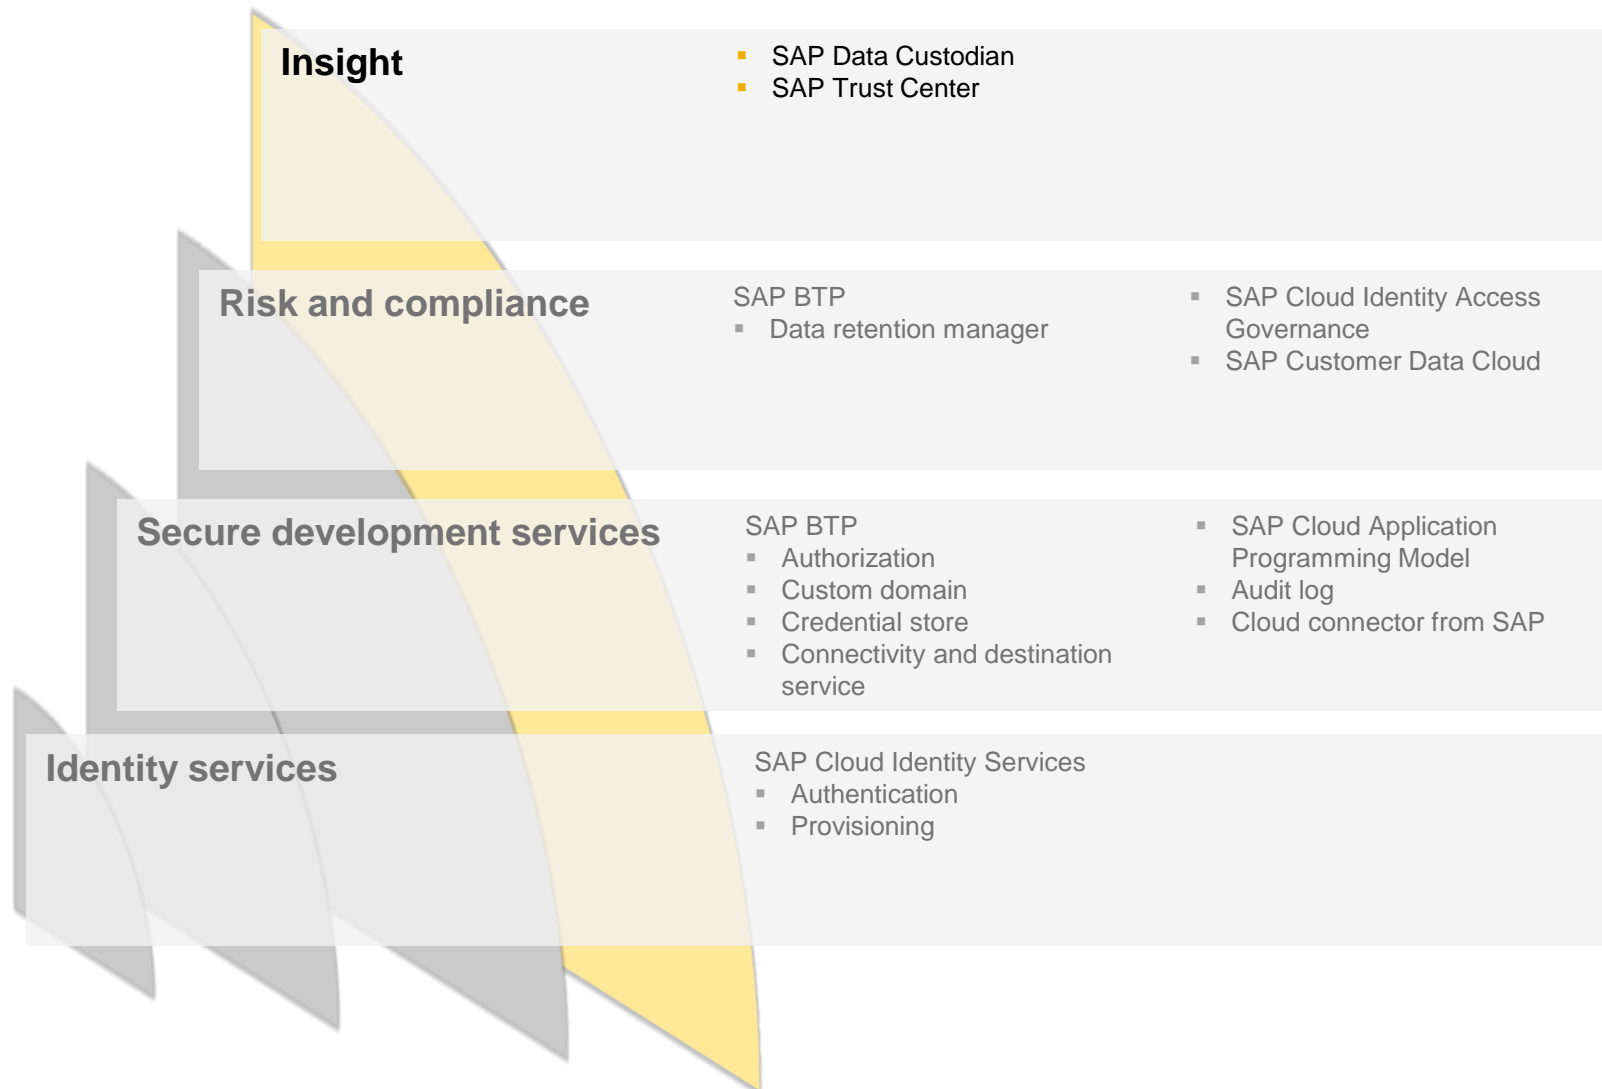

SAP Cloud Platform Data Retention Manager

- Helps you with data protection regulations
- Integrates easily into your **SAP Cloud Platform–based applications**
- Reduces development time by consuming a prebuilt service and automated updates by SAP

SAP Customer Data Cloud

- **Registration as a service**
- **Data unification, orchestration**, and transformation – bidirectional data flow orchestration for unified profiles, consents and preferences across the business
- **Delegated administration** and end-user self-service
- **Consent and preference management**
- Efficient onboarding of new customers and partners
- Extended profile data store – **access to a complete profile and consents and preferences data**
- Employing **self-service preference center**

Enterprise security services by SAP

Insight

SAP Data Custodian

- Public **cloud data transparency** and anomaly detection, alerts, and notifications
- **Data placement, movement, and access** controls
- **Contextual** cloud and cloud application **access controls**, including for SAP S/4HANA
- Available for Amazon AWS, Google Cloud Platform, and Microsoft Azure

SAP Trust Center

- Provides transparency into **availability** and **downtimes** of cloud systems
- Offers information about secure **products**, secure **operations** and how SAP runs a secure company
- Provides insight in **data protection** and **privacy** at SAP
- Informs customers about how our products and services meet the **latest compliance and security standards**
- Offers information about the various **agreements** for cloud software and service offerings from SAP

Thank you.
