PUBLIC

SAP is pleased to invite you to this **virtual Event offered for Region on November 29th 2023**

In this webinar, we will walk you through a series of Cloud Platform Integration Flows we have built that can connect to the Ariba Analytical API and transfer data from it into SAP Datasphere. As part of this, we will give an overview of the Ariba API to understand the challenge, an overview of the Integration Flows and how they work and a demonstration of the Flows moving data from Ariba into SAP Datasphere. We will also pay special attention to how you can customize these Integration Flows to pull data from any table that is exposed via the Ariba Analytical API (over 150 fact and dimension system tables available). These Integration Flows can allow you to automate the reporting and analytics for your SAP Ariba data.
