Enhancements in Reports and Analytics

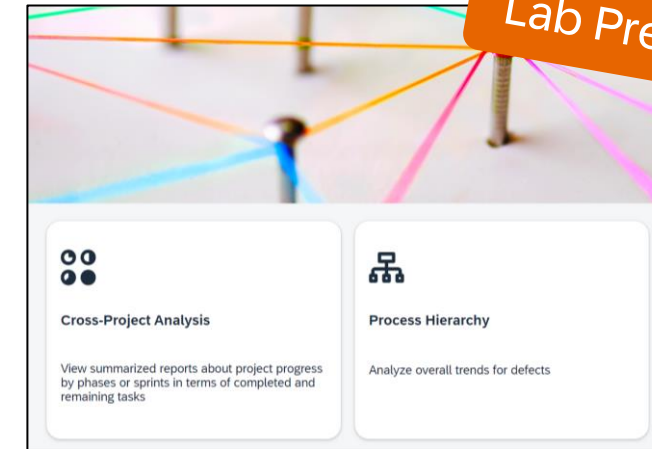

Cross Project Analysis

- Formerly known application **'Release and Timelines'** is now enhanced and called **'Cross Project Analysis'**
- It offers a readiness overview of multiple projects at the same time.
- Enables overall tracking at program level as well as project wise status in a comparative chart

Process Hierarchy Report

- New container for Cross Project Reporting App
- Process Hierarchy Report shows the defined process hierarchy structure and its associated/assigned project elements with its status

An orange "Lab Preview" label is overlaid on the top right of the screenshot.

Efforts inclusion in Reporting

- Efforts and story points are now visible in Project Progress Report and Task Distribution apps
- The new and enhanced pop-overs capture total story points and total efforts for the selected KPI as well as that for individual tasks in the list

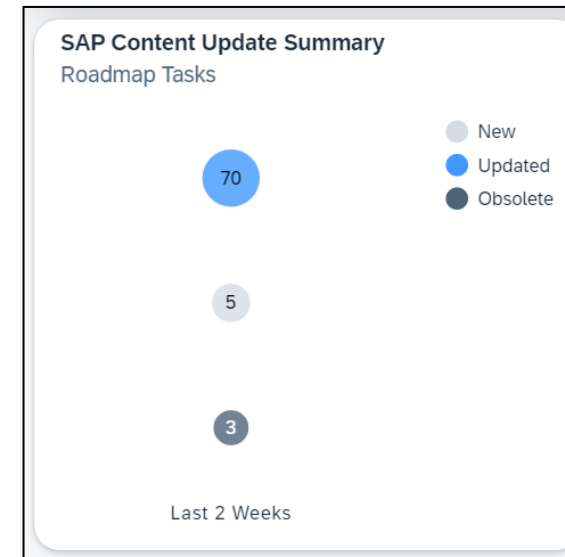

Overview Page: Enhancements

- Number of documents per scope included in Assignments per scope card

Assignments per Scope 5 of 6

Scope	>>>		
S/4HC Finance Germany	31	4	8
IES Processes (CIAS)	5	1	4
