Iva Valečková's Resume
Last Updated: 09/10/2020

Candidate in SAP SuccessFactors Recruiting Management

Technical specification

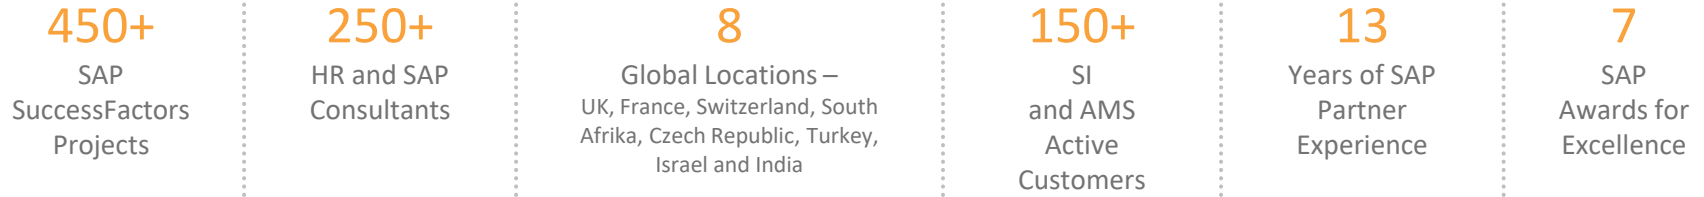

- No other SW licenses are needed for the offered solution, SAP SuccessFactors and RCM and RMK modules will suffice.
- The application form can be modified according to the customer's requirements (content, structure, appearance), it should always contain mandatory fields on the candidate's profile, or it must be defined by what value the mandatory fields must be filled. Currently, this form is created in PHP technology.
- The form can be operated and fully managed by the customer (without UI).

About AKT

AKT is one of the largest SAP People Cloud consultancies in the EMEA region. Part of this global team is the very strong AKT Solutions CZ team who supports some of the largest companies in the Czech Republic, in their end-to-end HR transformation programs.

At AKT, we drive transformations and ensure successful implementation, integration, optimization and support of the entire SAP SuccessFactors HXM, Qualtrics and SAP Commissions solutions, to incentivize and create effective and engaged employees and customers.

AKT Solutions CZ leverages our global credentials:

At AKT, Our Business is People. We'd love to talk to you and help you start your HR transformational journey today.

Thank you
