# SAP Solution Manager – Focused Solutions

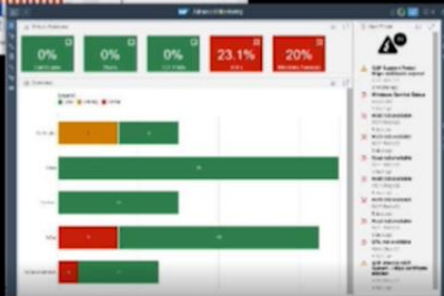

## Focused Build

Manage requirements and software development for large, agile innovation projects

## Focused Insights

Build and distribute powerful customer-specific dashboards in minutes

## Focused Run

Powerful solution for Service Providers and larger customers who want to manage all their systems in a central, scalable, and automated environment

Desde enero 2020, los derechos de utilización usage rights para SAP Solution Manager incluyen Focused Build e Focused Insights - sin coste adicionales

Corre sobre HANA , tien nuevas experiencias de utilizador , funciona con Hardware dedicado e funciona conectado a un Solution Manager

<https://support.sap.com/en/alm/focused-solutions.html>

<https://support.sap.com/en/alm/usage-rights/ExtendingMaintenance.html>

# Focused Build para gestionar sus requirements

Ready-to-run, and integrated, tool-supported methodology to manage requirements and software development in large, agile projects.

## Value added by methodology & tools

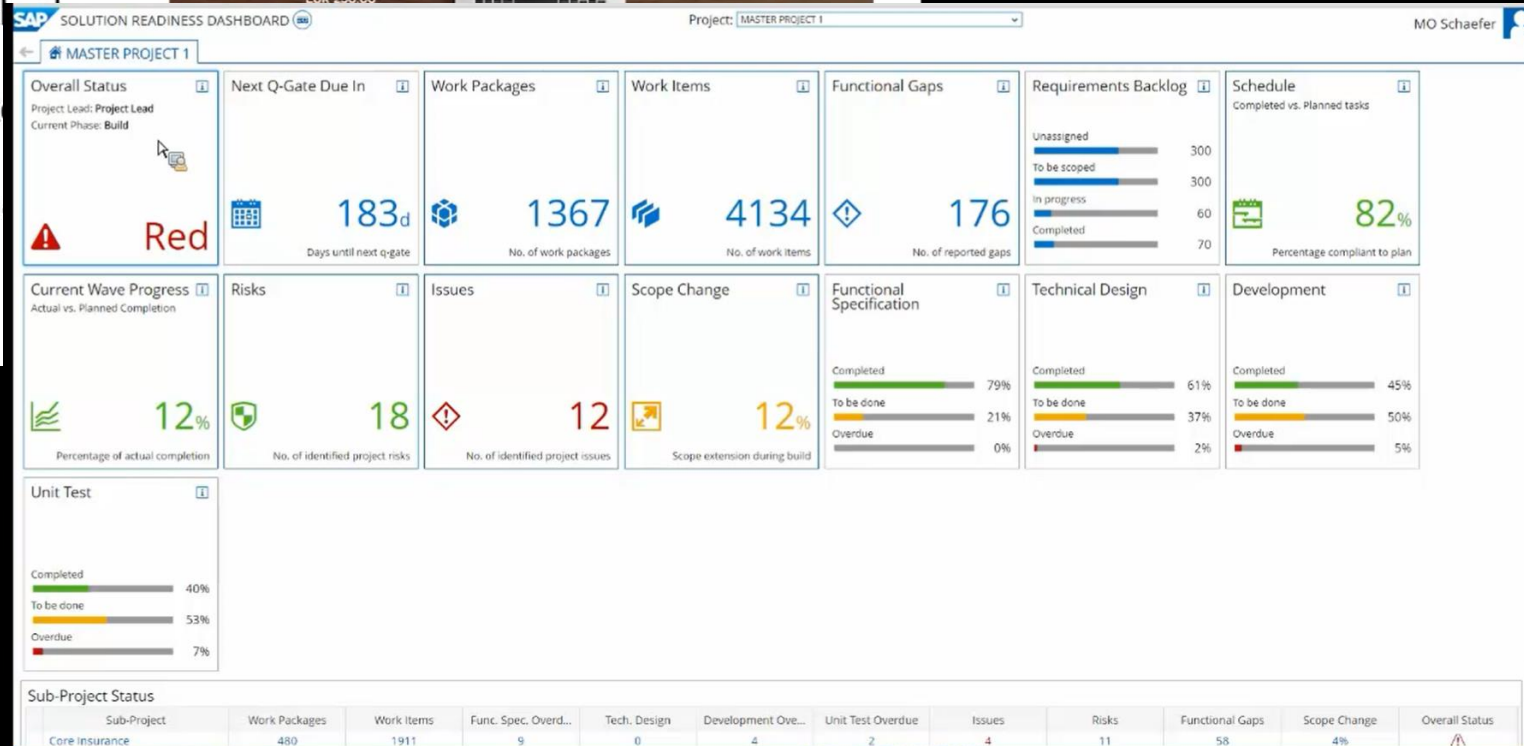

- Automated visibility of solution readiness, integrated risk management
- Business demand and requirements management
- Full support for agile software engineering methodology, best practice included
- Collaboration across distributed development teams, global delivery
- Automation of project work, as well as change transport management

## Focused Build

El objetivo de Focused Build esta en suportar los senarios de transición a SAPS/4HANA :

- Nueva Implementación de SAP S/4HANA (Any Premise)
- Nueva implementación de SAPS/4 HANA Cloud, Extended Edition

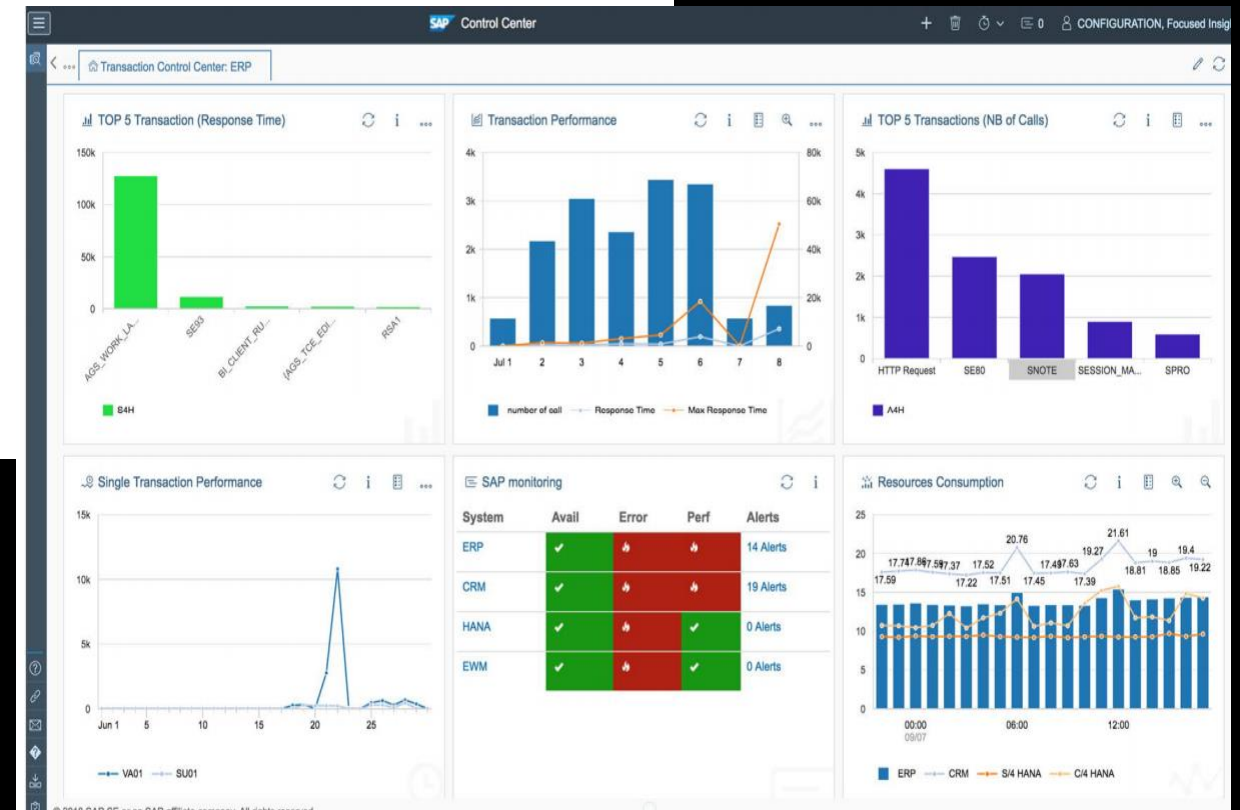

# Focused Insights para tener visibilidad de los KPI's de performance

## Focused Insights for SAP Solution Manager: Key features

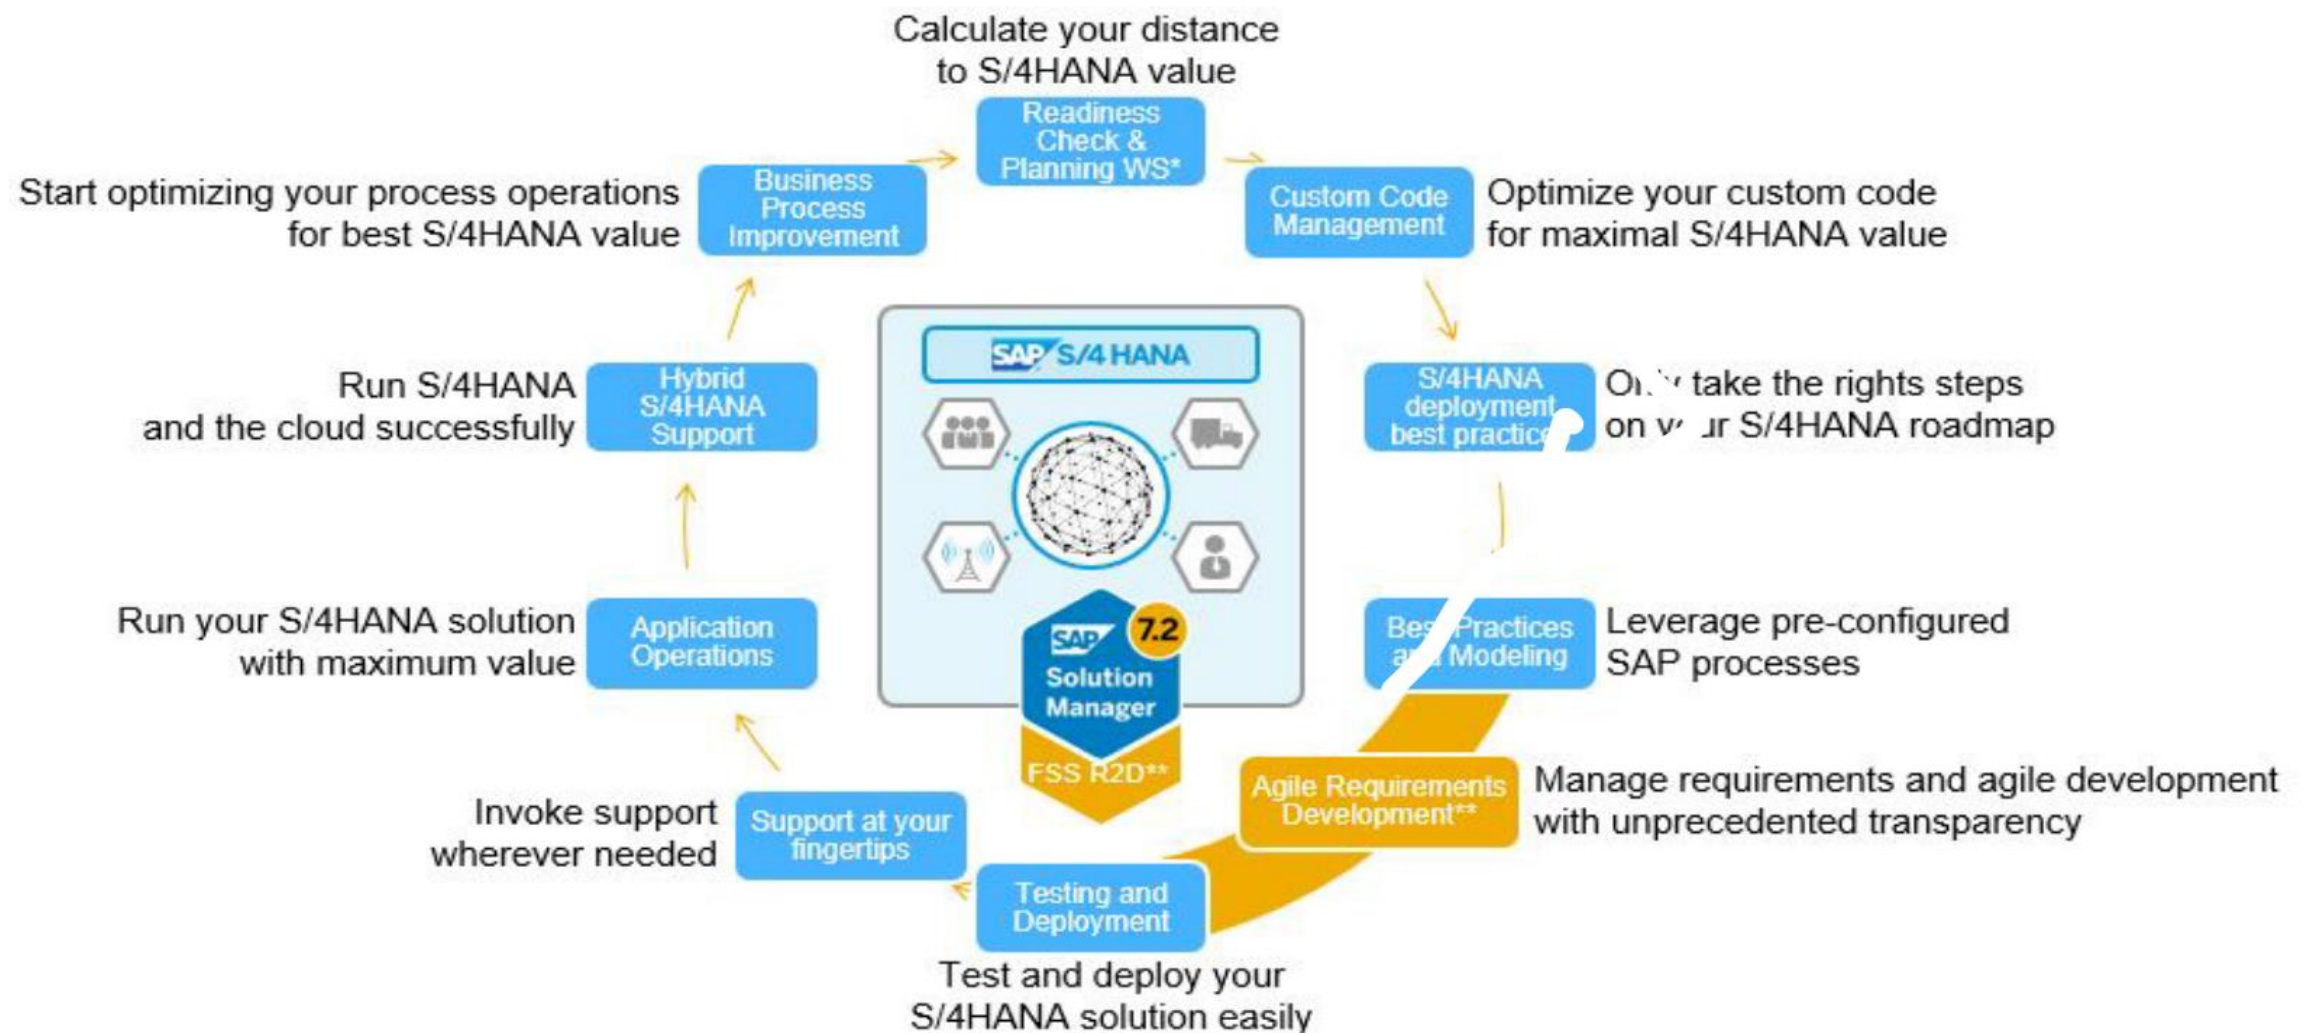

### Platform for SAP IT Services & Solutions optimization

### Focused Insight

- Access to all indicators in form of statuses, trends, history and compliance view.
- Dynamic Analysis with rolling period.
- Cross-reporting for **Build** and **Run** use cases for IT and Business for operators, key users, SAP Basis, service manager and CIO.
