Agenda

- › What is localization?
- › Salient aspects of localization in SAP S/4HANA Cloud
 - › Key benefits
 - › What's new?
- › Extending localization beyond standard
 - › What is the localization toolkit for SAP S/4HANA Cloud?
 - › What is to come - outlook and road ahead
- › Resources around localizations
- › How to engage with us?

What's localization and salient aspects of localization in SAP S/4HANA Cloud

Typical areas addressed by Localization

Payments

Country formats used to collect incoming and outgoing payment data

Social Media Integration

Integration between SAP Products, social media and social media applications.

Invoicing

Country-specific invoicing process extensions

Languages

Country official language(s)

Validations

Country-specific format for address, IDs, bank accounts

Taxes

Tax codes based on conditions or formulas for mandatory tax computation, taxation processes, exemptions

Statutory Reporting

Financial statements, tax declarations, EC sales list, document numbering

Benefits

Country-specific benefits, eligibility and admissibility rules

Time Data

Country-specific rules and formats

UIX

Fiori Apps
Country-specific fields and features

Announcement of Legal Change through SAP Support Launchpad

IDC MarketScape Names SAP a Leader in recent 2020 ERP Reports

IDC MarketScape Worldwide SaaS and Cloud-Enabled Large Enterprise ERP Applications Vendor Assessment

Globalization highlighted as a key strength in all 3*!

- ✓ S/4HANA Cloud is adept at supporting even the most complex globalization demands ...
- ✓ Includes support for all local legal guidelines and reporting standards...
- ✓ Highly attractive for large multinational, multi-entity organizations for whom localization can be a cumbersome and costly process

* IDC MarketScape: Worldwide SaaS and Cloud-Enabled Large Enterprise ERP Applications 2020 Vendor Assessment

IDC MarketScape: Worldwide SaaS Cloud-Enabled Medium-Sized/Midmarket Business ERP Applications 2020 Vendor Assessment

Over 125+ innovations/ updates in the next three quarters

The screenshot displays the SAP Road Map Explorer interface. At the top, there are navigation tabs for Products, Processes, Industries, and My Road Maps, along with a search bar showing "137 Innovations". Below the header, there are filters for Products, Processes, Industries, and Focus Topics, and a sorting option "Current - Latest". The main content area is divided into four vertical columns representing different quarters:

- Q4 2020:** CURRENT 44 Innovations. Includes sections for Advanced Compliance Reporting (Belgian advanced compliance reports, VAT report, and EC Sales...) and Contract Accounting (Belgian advanced compliance reports, VAT report, and EC Sales...).
- Q1 2021:** Future Release 42 Innovations. Includes sections for Other (Localization for Australia, Austria, Belgium, Brazil, Canada, China), Accounts Payable (Registration for indirect taxation abroad (RITA)), Entity Close (Registration for indirect taxation abroad (RITA)), Financial Accounting (Registration for indirect taxation abroad (RITA)), Financial Reporting (Registration for indirect taxation abroad (RITA)), and Indirect Tax (Registration for indirect taxation abroad (RITA)).
- Q2 2021:** Future Release 44 Innovations. Includes sections for Accounts Payable (Registration for indirect taxation abroad (RITA)), Entity Close (Registration for indirect taxation abroad (RITA)), Financial Accounting (Registration for indirect taxation abroad (RITA)), Financial Reporting (Registration for indirect taxation abroad (RITA)), and Indirect Tax (Registration for indirect taxation abroad (RITA)).
- Q3 2021:** Future Release 7 Innovations. Includes sections for Debt and Investment Management (Addition of funds and grants functionality for the public sector), Financial Risk Management (Addition of funds and grants functionality for the public sector), and Other (Localization for Japan, New Zealand, Philippines, Russia).

Further Innovations planned for

- Financial and Statutory Reporting (incl Extensibility)
- FICA
- Indirect Tax Management
- New localizations for Egypt, Qatar and some more..

Extending localization beyond standard

S/4HANA Cloud Localization Toolkit enables **extending localization** beyond standard

Last - Mile Localization

Extending SAP-delivered localizations, for example by adding:

- Additional forms, reports
- e-invoicing
- Payment Formats

New Local Version *

Creating a new local version via SAP-delivered solutions*:

- Simple legislations
- Implementation project-driven
- Mostly customer-specific (subsidiaries)

SAP S/4HANA Cloud Localizations

Layers of a localization & consumption options

Layers of Localization	43 available local versions	Local versions planned as of 2105 ¹	Partner/customer-built localization ¹
Configuration	Delivered by SAP	Localization toolkit (One-off localization feature within Central Business Configuration)	Localization toolkit (One-off localization feature within Central Business Configuration)
Country/Region-specific Features	Delivered by SAP	Delivered by SAP	Localization toolkit (Extensibility)
Customer-specific Extensibility	Localization toolkit (Extensibility)	Localization toolkit (Extensibility)	Localization toolkit (Extensibility)

Partner/Customer-built Localization

What to consider before starting implementation

The one-off localization feature within the Central Business Configuration aims to enable our customers and partners to create their own localization by copying (parts of) an existing localization.

The following factors have to be evaluated to check if a local version can be created:

- Legal requirements of the country/region
- Customer implementation scope for the country/region
- Capabilities of the toolkit

Engage with us

Have you looked at the upcoming [Customer Engagement Initiative](#) for the localization toolkit yet?

Project Goals and Activities

We would love to hear from you and involve you in shaping the localization toolkit and the upcoming features. Is there a business-specific need which you want us to analyze and provide a how-to guide on? Do you have feedback on the localization relevant resources and tools? Can you test a few upcoming features along with us to provide first-hand feedback? As part of this engagement, we would like to have your feedback on several components of the toolkit.
