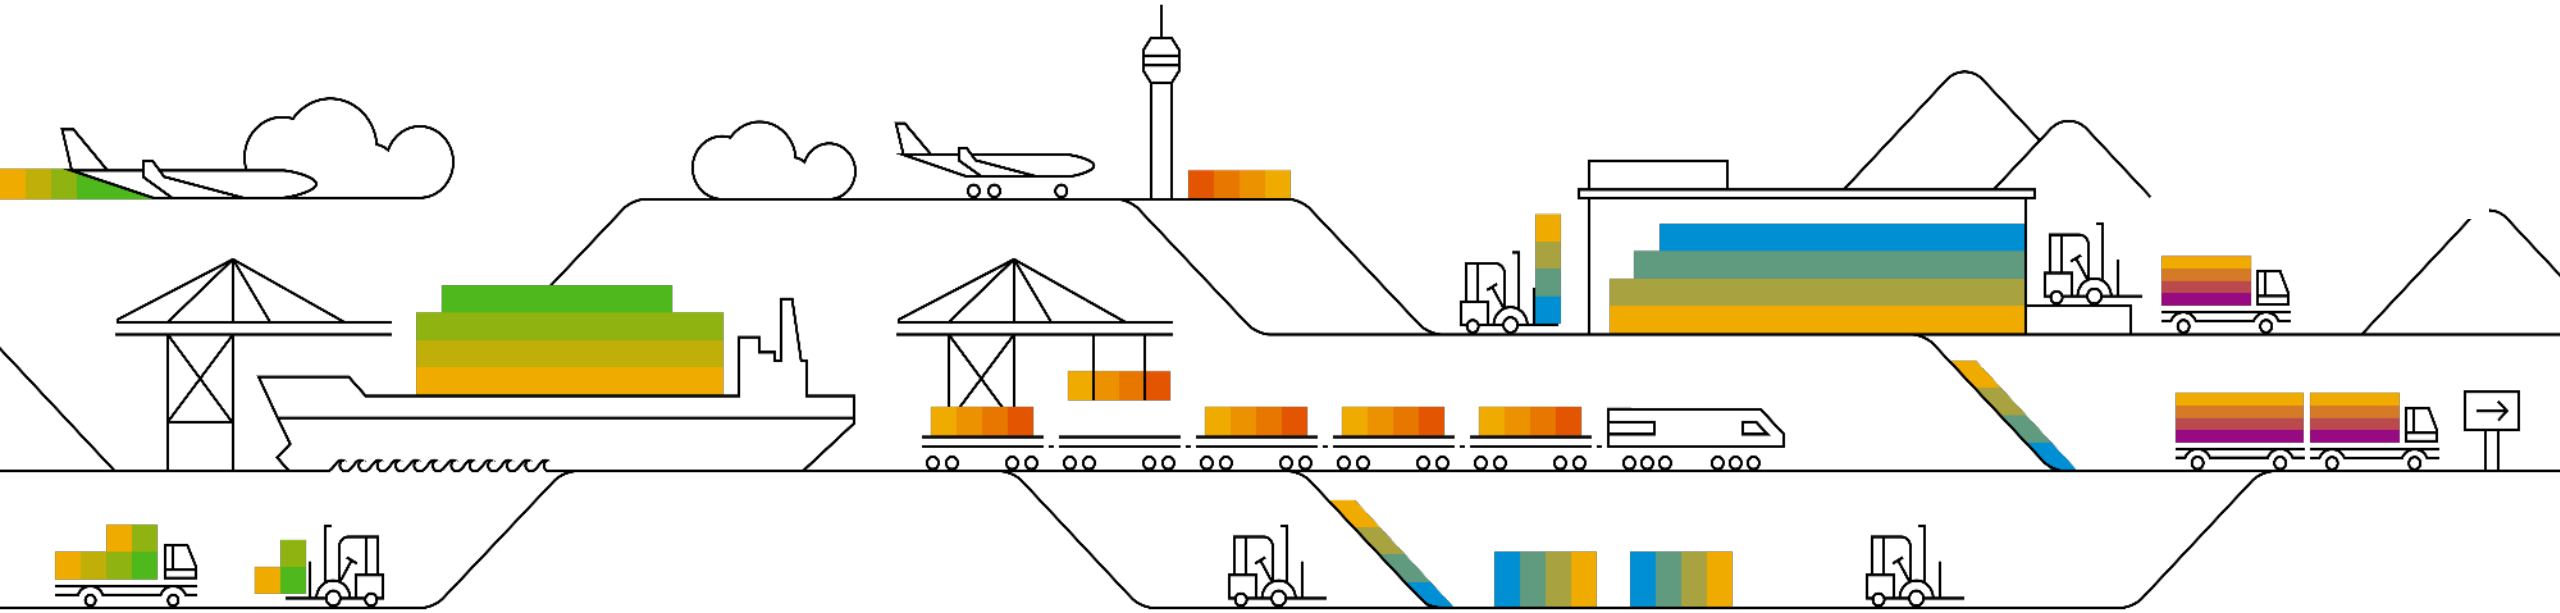
International Focus Group for Integration

- **Global Integration Survey 2022**
- **Virtual International Day of Integration 2022**



13th IFG Integration Survey 2022 – Your chance to influence the SAP Integration Roadmap

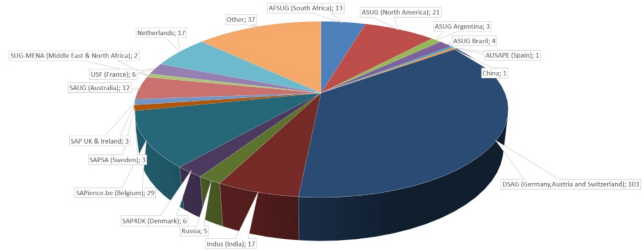
The International Focus Group for Integration (IFG for Integration) is a collaboration platform of representatives of 13 user groups and communities across the world. The focus areas of this group include exchanging experiences and knowledge, working on best practices, and influencing SAP.
Every year, we conduct a global survey to collect input from the integration community across the world.

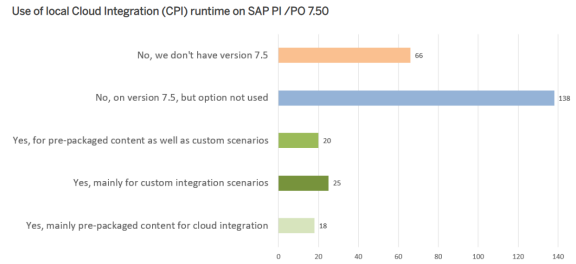
As in the past, the survey results will enable the IFG for Integration to better address the needs of the integration community and to discuss and influence the requirements with SAP product development.

The **13th** annual survey has been launched, which is your unique opportunity to influence the SAP Integration Roadmap (survey will be open until April 30th).

The survey is available in three different languages (English, German, Spanish) and can be accessed at the following link and QR Code:

https://www.surveymonkey.de/r/WQ3HVT3





Survey Results 2020:

  - Azure: data lake/blog storage/database extraction
  - Inriver
  - Magento
  - Microsoft 365
  - Microsoft Teams
  - Veeva (Pharmaceutical cloud applications)

Virtual International Day of Integration 2022 – Your chance to share your experience with SAP Integration Suite

The International Focus Group for Integration (IFG for Integration) is a collaboration platform of representatives of 13 user groups and communities across the world. The focus areas of this group include exchanging experiences and knowledge, working on best practices, and influencing SAP.

This year we want to offer a virtual International Day of Integration on June 23, 2022, with presentations from SAP, customers and partners. Each presentation should be around 20 – 25 minutes long.

Kindly provide your proposals for topics until mid of April 2022 to Hermann.steinroetter@bp.com

At the end of the International Day of Integration we will offer an open "Ask the expert" Q&A session.

Presentations and recordings will be published here:
https://webinars.sap.com/sap-user-groups-k4u/en/ifgintegration

Virtual International Day of Integration 2022

Initial Set of Presentations

- Update to SAP’s Integration Strategy
  - High-quality integration across functions and processes is the basis for any company to react with agility and speed to changing market conditions. Since SAP introduced distinct suite qualities that characterize SAP’s intelligent suite of seamlessly integrated applications, you'll get an update how things evolved in the meantime.

- SAP Integration Suite – Updates, recent innovations, road map
  - In this presentation you will learn more about latest news, recent enhancement as well as the road map of SAP Integration Suite. In this presentation will also cover the migration options from SAP Process Orchestration to SAP Integration Suite.

- SAP Integration Suite - Ask the Integration Experts
  - In this Q&A session you can ask integration experts from SAP anything that you want to know about SAP Integration Suite, such as current capabilities, recent innovations and road map.

- **Slots for customer presentations are still available ☺**

SAP Integration Suite: Salesforce Streaming

John Bilay

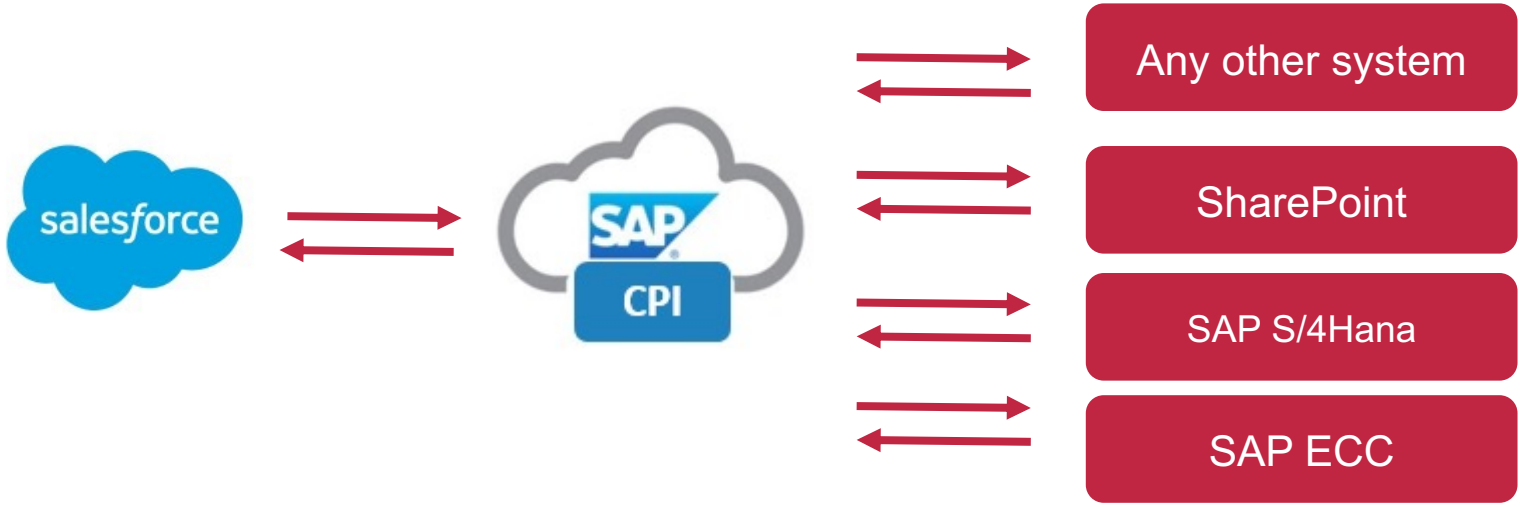
INTERNAL

SAP Run Simple

Typical Use-Cases for Salesforce Streaming

General features

- Real time synchronization of master data from Salesforce to external system.
- Publish transactional events from Salesforce to external system



Salesforce Events

General features

There 4 types of events:

- **Push Topic**

Send notifications for changes to Salesforce data that match a SOQL query you define.

- **Platform Event**

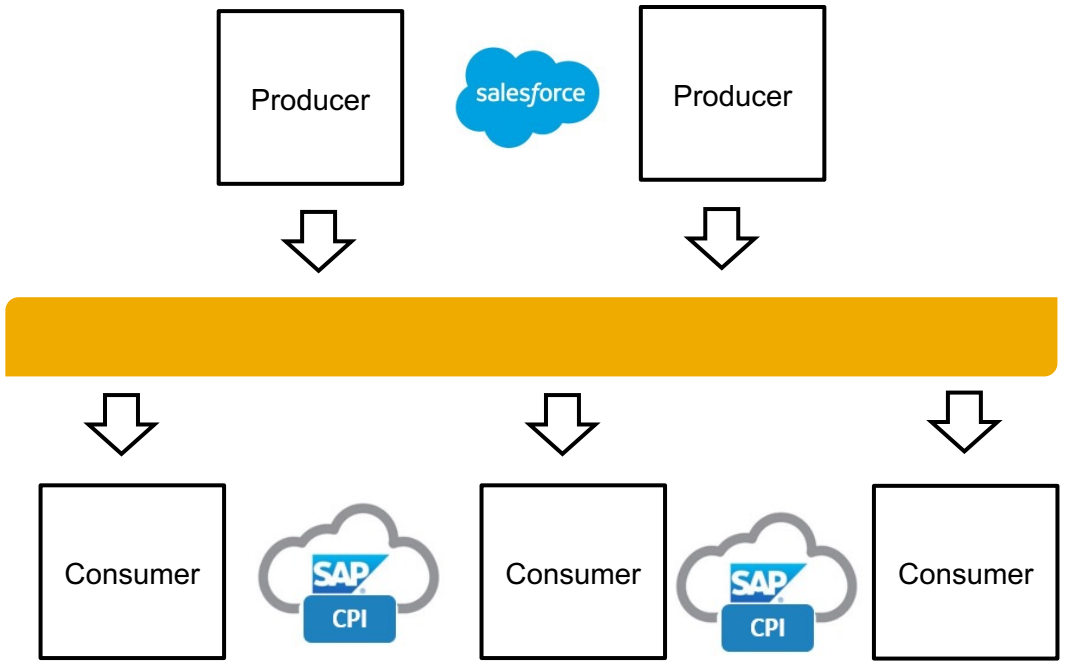
Customizable event notifications within the Salesforce platform toward external sources.

- **Change Data Capture**

With Change Data Capture, you can receive changes of Salesforce records in real time and synchronize corresponding records in an external data store.

- **Generic**

Use generic events to send custom notifications that are not tied to Salesforce data changes.



Configuration Parameters

General features

There 3 types of events:

- **Channel**

The Pub/Sub topic in Salesforce where events are placed. Depending on Event types, various prefix apply. Example: /event/<channel name>

- **Replay ID**

Unique identifier for every event from Salesforce.

- **Replay ID Approach :** Can be -1, -2 or Specific Replay ID

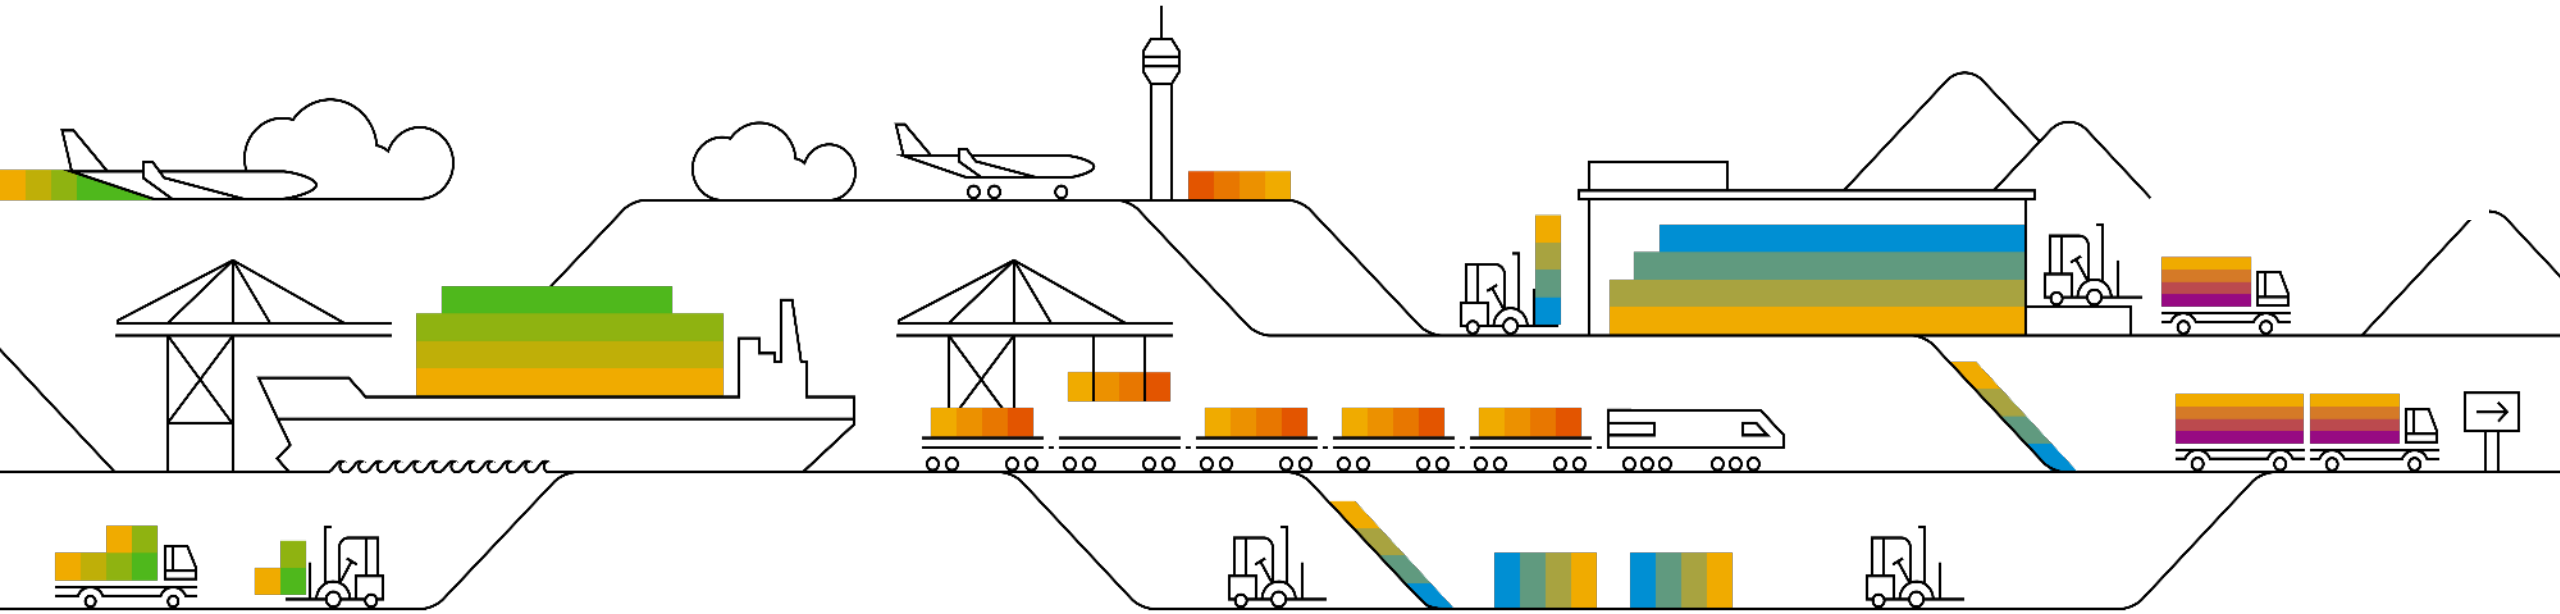
#AskAnythingIntegration



Demo

What is #AskAnythingIntegration?

Provides a platform for customers, partners, consultants, and participants to ask their most important and top priority questions and get them answered by the panel of experts.

- Questions can be sent upfront or posted directly in the call
- Questions and answers will then be published as a public FAQ document with regular updates and additions

Panel of Experts: Speakers of the monthly webinar + product Management team
Schedule: Runs every alternate month
Duration: 20 mins
Moderator: Gautham (gautham.krishna@sap.com)

Note: "Interact with #IntegrationBlackBelt" section will transition to alternate months.
