SAP Portfolio: Overview

RISE with SAP at the center of your transformation

RISE with SAP is a comprehensive offering designed to transition your current SAP ECC and SAP S/4HANA on-premise installation to the cloud.

RISE with SAP

Capabilities, infrastructure, and services

Solution components

SAP S/4HANA Cloud Private Edition

- Migrate your ERP system to a tailored-to-fit cloud solution.
- Drive innovation and unlock efficiencies through intelligent automation.

SAP Signavio

- Assess your processes and get recommendations on how to improve them.
- Begin your redesign with preconfigured best practices.

SAP Build and SAP Business Technology Platform

- Automate with pre-built content.
- Make faster and better decisions with AI and templates.
- Use a low-code approach to build cloud-ready extensions.

Cloud infrastructure

Managed Infrastructure & application-level SLA

- Use an optimized architecture for high performance and availability, operated by SAP, including application-level SLAs.

Global Hyperscaler Infrastructure

- Deploy in your preferred hyperscaler infrastructure with no additional contracts.

Security, risk & Compliance

- Ensure security by design with SAP's Data Security Trust Model.
- Comply with the most stringent regulatory requirements.

Migration and adoption services

Tools and Methodologies

- Analyze your current system and processes quickly.
- Use industry benchmarks and best practices.

Cloud Application Services (CAS)

- Ensure predictable outcomes and fixed costs from application operations to innovation adoption.

Partners & Community

- Leverage partners and user groups from one of the largest ERP ecosystems worldwide.
- Choose from hundreds of certified partner extensions.

Future-Proof Your Business with a Next Generation ERP System

- Customer Data Center partners work within strict local/regional governance frameworks

RISE Migration and Modernization Program

Methodology

What is included?

Methodology

Comprehensive set of services and tools to guide customers every step of the way, supported by a skilled partner ecosystem

Incentives

Migration and adoption acceleration credits to lower the cost and accelerate time to value

Innovation roadmap

Innovations delivered every six months and the latest enhancements with AI and green ledger

1. Discover and prepare

Evaluate your existing infrastructure, applications, and data to assess the feasibility and readiness for cloud migration and create a business case

[Learn about your migration](#)

2. Explore and plan

Deploy what you need, when you need it. Every company is unique and so are their journey to cloud ERP when using RISE with SAP.

[Define your scope and timelines](#)

3. Move and deploy

Benefit from the support of a variety of activities, including system conversion and integration, interface configuration, security setup, testing, and training

[Implement SAP S/4HANA Cloud Private Edition](#)

4. Run and innovate

Unlock the full potential of your ERP by running the latest version, achieving better results with higher-quality data, and operating systems more efficiently.

[Update your ERP with a clean core](#)

RISE Migration and Modernization Program

Incentives

What is included?

Methodology

Comprehensive set of services and tools to guide customers every step of the way, supported by a skilled partner ecosystem

Incentives

Migration and adoption acceleration credits to lower the cost and accelerate time to value

Innovation roadmap

Innovations delivered every six months and the latest enhancements with AI and green ledger

To protect all SAP ERP customers' investment, and especially early adopters of S/4HANA on-premise, we have announced an incentive 2024 for all customers moving to RISE or GROW with SAP:

- S/4HANA on-premises customers: up to 60% credit on AACV of eligible RISE and attached LoB SKUs or up to 100% on AACV of eligible GROW and attached LoB SKUs*
- ECC customers: up to 45% credit on AACV of eligible RISE SKUs or 100% on AACV of eligible GROW SKUs*

*Terms and conditions may apply. Please consult your account executive for more information.

Maintenance credits

To be used toward any subsequent on-premise maintenance invoices issued

Service credits

To be used toward invoice issued with services SKUs eligible

Cloud credits

To be used toward any subsequent invoices issued for cloud contracts
