License Utilization Information Applikation (LUI)

Die Applikation License Utilization Information (LUI) bietet einen umfassenden Überblick über die SAP-Lizenzen und die Nutzung der SAP-Software an.

- On Premise: Um die Ergebnisse der Software-Nutzung zu erhalten, muss an jedem vermessungsrelevanten System eine Systemmessung durchgeführt werden.
- Public Cloud: keine zusätzlichen Vermessungen notwendig.

License Utilization Information Application (LUI)

The License Utilization Information Application provides a comprehensive overview of SAP license entitlements and SAP software usage for SAP Public Cloud and SAP S/4HANA On-Premise customers.

 Maintenance Activities
Currently none.

Requirements to access the LUI Application

Currently, only Super Admins have access to the LUI application. In order to be able to access the LUI application the following profiles must be assigned to each S User:

- ✓ Access License Utilization for Cloud
- ✓ Access License Utilization for onPrem (please check the road map for more details for OnPrem contracts and when they will become live in LUI).

Please reach out to the Super Admin user to assign the profiles accordingly.

Please note: Microsoft Internet Explorer 11 (IE11) Enterprise Mode is not supported and there might be limitations to the application. It is recommended to use another browser (e.g. Google Chrome, Mozilla Firefox).

Enter the License Utilization Information Application (LUI) to get an overview of your company's current license usage and license entitlement, either through SAP ONE Support Launchpad or directly through the Application.

Enter SAP ONE Support Launchpad

Enter License Utilization Information Application

Thank you.
