

SAP S/4HANA – Deep Dives

Objectives:

The attendee will gain detailed insights into the Why, How and What of SAP S/4HANA.

This is the right workshop for you, if you already have a general overview what SAP S/4HANA is, but wish to get to the next level of knowledge.

Apart from gaining deeper knowledge, you will have the opportunity to talk with experts and exchange with peers who are in a similar position as you.

Event format:

0.5 day workshop.

Target audience:

Business & IT experts.

UG preparations:

Responsible for communication and invitation to member community

What we provide:

SAP experts

Workshop I

Business view: Key questions covered:

- What is the added value for moving to SAP S/4HANA (new or existing)?
- Which business processes have the highest value?
- What is the value proposition for a Business case?

Workshop II

Technical view: Key questions covered:

- How do I choose the optimal S/4HANA consumption mode?
- What are the top business and technical reasons to use one mode over another?
- Why do we see many companies taking a hybrid approach?

Workshop III

Transformation: Key questions covered:

- How should you implement S/4HANA?
- How long will it take?
- How much will it cost?
- How and why have customers implemented which model?

Proposed financial model:

SAP provides expertise, User Group invites and provides catering.
