

PURPOSE

The attendee will get clarity on the best way forward for its company. This is the right workshop for you, if you want to:

- get clarity on the best way forward for your company
- get an overview of the SAP S/4HANA roadmap
- understand the difference between S/4 and other ERP processes
- get insights on the different paths to S/4
- see why customers have chosen which path.

All relevant tools will be explained, detailing when to use which.
